

LIZARDS GOLF CLUB

Fellow Lizards

Another year has passed. For me it was, to say the least, interesting. There were many good times and some not so good. I would like to thank both the committee and the members for their support during the past year. I recommend the treasurers report that shows we are in a strong financial position.

It would appear the president's position has not been compromised during period that I have been at the helm - it is still a position of ridicule and scorn. The respect in which it held is clearly demonstrated every month by the way the meeting starts off - a rabble, and ends - a total shambles. Some things never change, well... maybe under the iron fist of the next president.

As with everything in this world, there are those influences that create a balance. Sadly the Grizz (Dave Raynor), a fun loving, all round nice guy and fellow Lizard, passed away. He has and will be missed.

It has been said that I wasn't the full president and I must admit to that being true. Although it never rains on Lizards day, the torrential down-pour for days leading up to that third Sunday and which closed the course last August, does mean that I only presided over 11 months of Golf.

Nobody can dispute that the Lizards have had a real treat for most of the year - real food. I and on behalf of the Lizards, would like to thank Stretch and his "girls" for the gastro-nomic delight we have had during his time as caterer. The final month clearly demonstrated how good "frank-less" fresh buttered rolls can taste - even his accidents had a positive outcome.

The year also showed that although we go out and have a good time every month, we often only do so with a leave pass, as was demonstrated by the departure of "the happy septic" - Dave Collins. His humour and cheerful disposition will be missed, although there are some members who regularly roll up with hangovers that will not miss his bright clothing. He has been dragged off to Texas - a place where his wife can "put down roots", whatever that means. (Of course there are those Lizards that don't turn up because they are busy "putting down roots"...)

I have enjoyed the last year and hope that the long Lizards tradition continues, with the next year being even better!

Manfred Wagner
President 1998/1999
