

MOTION TO AMEND CONSTITUTION TO GO BEFORE MEETING

BID TO INCREASE SIZE OF THE MANAGEMENT COMMITTEE

Today's meeting at Avalon will be constituted as a special general meeting to consider the following motion:

That the Constitution be changed to add the positions of Editor and Plant Engineer to the Management Committee and that these positions be voted for annually.

It is proposed that the Editor will never be in a position where he cannot get his news. The title of Plant Engineer is of long-standing and the current holder of the position, Lance Try, has been an ex-officio member of the Committee for more than a year.

The vote, which will be restricted to members only, will be taken after the presentation ceremonies. President Des McGuire will move it and Secretary John Tilley will second it.

LADIES NIGHT IS OCT. 29

PLANNING IS ALREADY BIG

The Annual Ladies Night of the Lizards' Golf Club will be held at the Civic Club on Saturday, October 29, 1966, at 7.30 p.m.

A special treat is being organised for the girls, who will receive a bouquet with their cocktails.

A full fish and poultry menu is under discussion.

Vice-President Chas Hellier and Caterer Eddie Jones are in charge of arrangements, and the Secretary will be glad to get your \$3 a head subscription as soon as possible.

Absolute deadline for bookings is the October golf day which is the 16th.

Members wishing to bring guests should have a talk to the Sec. Non-members who have played with the Lizards at least twice this year will be welcome.

ARTHUR LEVY IS NOW A FULL-FRILLED LIZARD

Arthur Levy has been elected as a Lizard.

He fills the vacancy caused by the transfer of Neil Reeves to the country list. Neil has his hands full with business and family pressures and has been temporarily transferred.

INSURANCE POLICY IDEA HAS BEEN MOOTED TO SAVE LUCKY PLAYERS

One of these days, you are going to hole-out in one!

When that happens, you will have to pay a heavy penalty. One likely punishment is having to pay for the day's beer.

The Committee is thinking of an insurance scheme under which you contribute, say, 20 cents a month against the possibility of such a disaster.

The idea is very much in the embryo stage, but your ideas would be much appreciated.

SOPHISTICATED SAUSAGE

Devon is out! Choice meats are in!

This is one of the catering decisions made by the Committee last week.

Observations by the caterer and questioning of members led to the scrapping of the nourishing but humble Devon and the selection of more exotic compounds.

Caterer Eddie Jones picked today's menu from the top shelf of Moran & Cato's meat chest.

Members seem to like Polish salami and ham concoctions, but Eddie will welcome any suggestions for improvements in the mid-game snacks. (He knows all the rude suggestions)

The unwritten history of the Lizards ClubTHE DAY THE SPEAR WENT INTO CRUISE

By Lance T. V.

There was a time before we had proper beer-pulling facilities when the spear was put in the keg, and...

(This was all we could read of Lance's writing.)

WATCH NEXT MONTH FOR THE NEXT Exciting chapter)

PLEA FROM THE CATERER;
COOKIN' DONE EARLIER IS
BETTER (for you and me)

"If members started cooking when the hotplate fires were starting to burn well, there would be better steaks and an earlier finish."

This cry was issued by Eddie Jones last month when darkness fell before some members had eaten.

While Eddie admits that last month was an exceptional day, he still thinks that members can get away from the keg earlier and organise themselves more efficiently.

One day, YOU will be the caterer. How about making your life easier for the future by organising yourself better right now?

WHEN PRESIDENTS CRASH,
THE WORLD IS CRAZY

The way we heard the story it went like this:

President Des, playing at Long Reef, was on the green for 3.

He kept overshooting and bunkering until he finally sank the putt for 11.

Perhaps we didn't hear it right.

NEXT MONTH'S EVENT:

The Gordon Donald Trophy. Again, it will be presented on Ladies' Night.

Also again, it will be a prize to delight the lady of your house.

BARRY WOOD WINS ON FIRST
DAY AS MEMBER; SWAB TAKEN

Barry Wood achieved the damn near impossible last month. On his first day as a Lizard, he notched up 30 points, making him a clear winner.

Second member was Col Mac--Culland, who obviously cheated to get 35 points.

Bob Humphries, who has more secret practices than a prospective bridegroom, managed to get 32.

Barry's win is inexcusable, but Col has been knocking on the door for a long time and is a danger today, despite his lower handicap. Bob, of course, is in the same class as Les Garlick -- always the bridesmaid.

Winning visitor was Arthur Levy, now a full member. Full is the word. But that persistent character John MacAlister pressed him to within 3 points.

John, however, took home a golf ball following his nearest the pin shot on the 1st. Another persistent visitor, Charles Park, hit his ball nearest the pin on the 17th.

Charles has applied for membership of the Lizards (there are no vacancies, thank God) and members who wish to object are invited to line up on the 2nd. fairway at 4 p.m.

A SAD NOTE AT THE FINISH

We regret to report that Mavis Little's wife is seriously ill in Marly Hospital. Most of the Lizards know the beloved Elsie and we all wish her a speedy recovery.
