

GREETINGS--

Lizards and guests for another perfect day of golfing weather?

To-days' programme is the usual monthly game but with the addition of a very welcome contingent from the Union Club---

If they can play better golf than football, they might win "nearest the pin awards" for the 1st and 17th.

As you probably know there is now a regular Putting Comp. incorporated in the days game with a trophy to the "GALAH" who scores the lowest number of putts for the 18 holes. Top G A L A H to date is Tommy Beer with 24.

For the benefit of those who missed out on the Annual Meeting and dinner, it can be said it was a huge success. Thanks to BOB PARKER and BILL SEDGEMAN for the excellent dinner and thanks to the out going committee for organising the drinks-- "Old and New BEER, Whisky, and red and white Wines-----

A very commendable effort which shows they could do a good job if they really tried!!!

The new committee was voted in unanimously, no refusal accepted.

The new Lizadent is of course SID MORRISON. WE know he will do a very good job, so give him your full support Lizards, by regular attendance.

It was thought that in writing the name of the new Captain-Handicapper, an artist should be engaged to paint it in flowery script to match his sweet nature, but it wasn't worth it because Les Garlick is immune to flattery--IWE TRIED IT!?

That very capable Matt Little is our new Hon. Sec. Treas. He is now taking a crash course in driving lessons. Is it for the obvious reason or because he wants to drive a fire engine in his nice new fireman's hat??

Peter Allan is going to have a go at catering-- he has much trepidation, but he won't poison too many Lizards. Incidentally Eddie Jones--meaning Butch Joan, last year provided 150lbs. sliced meat, 30lbs. cheese and 40 : lbs. sausage etc.

The paddle trophy was awarded to John Tilly, last years Sec. Treas. who kept reminding us the days cost was \$2.50 or more. Matt- take note who next years winner will be.

ERIC McFRECKLE is still the old baggage.
LANCE TRY Plant Engineer.
LANCE TRY looks after beer,
LANCE TRY man of wrath,
LANCE TRY glass of froth.

It is understood that Norm Fegan's application for membership was knocked back because he asked Sid Morrison to write it for him. It is horrible to think that all Norm can write is six months.

Your new editor considers he has the most onerous job on the committee. How does an intelligent man cater for such a bunch of illiterate illegitimates?? (Ed).
