LIZARDS DAY--MARCH 17th

Welcome Lizards and guests to this wonderful day. I fear that it will be a miserable wet day, but who cares.

To-day, to-day is March seventeen.
When all the bloody micks will be wearing the green
So open up those heavens and let it teem
Upon all those bastards wearing the green.

Lament OH Lament, all March seventeens
To-day the programme was V St. Augustines,
But good Catholics they, could'nt bear to beaten
By a rubbishy load of Protestant heathen.

Lament Oh Lament this March seventeen
When all of us Paddy's were wearing the green
We were smitten, more than we likes
We've got ou pride, us bloody Tykes.

Lament Oh Lament this March Seventeen,
Us all true Irish wearing the green,
Our eyes are moist, our throats are dry,
Cos all the beer was drunk by bloody Try.

As you may have gathered from the above remarks, our valued friends from St. Augustines are unable to attend to-day. They are participating in an Athletics Carnival--Mugs!!.

As you will see from the Captain Handicapper's report the nearest the pin is the 8th and 10th.

NEXT MONTH'S DAY. You will notice, Lizards that the next month's competition follows the Irishman's day. It is a Scots affair, namely the Campbell-Ross Trophy. Normally they donate a bottle of Scotch water. May the best man win.

Ed's note. I'm in strict training.

CRICKET. A fight to the finish challenge has been made by the Lizards to meet the MCCCC at a 'no holds barred cricket match.' This challenge has been bravely and foolishly accepted by the MCCCC. Turn up Lizards and overwhelm them by your numbers and by your natural ability at cheating. This memor-vent will take place Sunday 24th March at 10.30a.m. at District Park No 8, i.e., next to Manly Vale B.C. in Campbell Parade, opposite Mackellar Girls High School.

P.T.O.

CAPTAIN HANDICAPPERS REPORT.

1. The golf is becoming more and more competitive these days as scores for the February meeting will indicate- apart from the winner Robber Presso Sid, on 43 points, other scores were as follows--

2	on 40 points
3	" 38 "
5	" 35 "
1	" 34 "
1	" 33 "
1	" 32 "
2	" 31 "
1	" 30 "

2. The Pitch and Putt Comp. at the 19th Hole is proving more of a challenge than the 18 hole golf competition and nearly as popular, probably because it takes place in close proximity to the "Keg".

3. Assistant Caterer Peter Hogg apart from doing an excellent catering job, turned in a good performance on the course with 38 points, one to watch for the tote.

4. Another good performance on the course was Raffles Russell with 35 points turned a bit ornery though, when some misguided B-- upset his tote sheet.

5. Did you see the Handicapper up with the "Airlines"-- redons its the first time ever. First time the B-- ever fronted up he means.

6. The most overhandicapped golfer in the club, Paddler ARMSTRONG is turning in some lousy scores lately, - it won't work Sunday so you had better get down to the golf you are capable of again.

7. Nearest the Pin--8th and 10th Holes.

HANDICAPS. It has been suggested that in future the Capt. Handicappers' Handicap be made by the Committee rather than by the C.H. himself. This will give the C.H. a more enjoyable game, because he won't have to worry if he wins.

MONTHLY DUES. Please help the Treasurer by trying to tender the correct amount of money due.

COMMITTEE. Norm Fegan was a most welcome visitor to the last committee meeting. It was most unusual that the Treasurer gave his money report free of the usual double talking. The takings were up too. Matt need not have worried as has been said before, Norm only knows the number 30.

QUERY. Who was the Lizard who claimed that he holed in one, except that when he got to the green he found the greenkeeper had moved the hole at the last moment.

A liquor licence has been obtained in the hope that some members will make use of a Keg.
