

Greetings, Lizards, Lizitors and our new no-hoper
Lizadent, Liz. Garlick.

Have a good day 'cos IT NEVER RAINS ON LIZARDS' DAY.

Today's event is a normal club day with nearest the
Pin on the 1st and 17th.

NEW OFFICE BEARERS.

As most of you know, at the Annual General Meeting
the new Committee elected was:

1. LIZADENT. Liz. Garlick.

We all welcome Liz as our President.

We all know, or hope, that he will be as good a
President as John F. Tilley. Incidentally, you will
be interested to know that Liz's name is Liz. F. Garlick.
It is believed that the F. stands for Fred.

You will also be interested to know that it is Liz's
avowed intention that the Lizards is transferred from a
drunken mob of ball slashers into a full gathering of
golfers.

2. CAPTAIN-HANDICAPPER. Bob Griffith.

It is rumoured that Bob is fatherless, the same as
all C-H's, particularly Brandy Paul. I disagree. I
think he's a gentleman, but read subsequent editions
as to my future opinions.

3. SEC-TREASURER. Matt Little.

We all agree that there could be no better choice
for this job but it must be realised that Matt is the
red-hatted arsonist and that he's got money to burn -
our money. So watch it !

4. CATERER. Kev. Lawler. ASSISTANT: Gordon Donald.

As you may know, Kev. is in the Weights and Measures
Dept. so don't be surprised if your steaks measure 1 inch
x 2 inches and weigh exactly 2 ozs.. we're getting short
of cash.

If Gordon, unfortunately, has to do the job - he is
known as the parsimonious postman - he will no doubt charge
excess on steaks over 1 oz.

5. PLANT ENGINEER. Lance Try. ASSISTANT. Paul Hennessy.

It is believed that Lance is still sulking because
Bob Griffith also got a hole in one. The reason being
that Lance wasn't there and so cannot get free beer today.
Because Paul is no longer C.H. I will not mention him.
He was unmentionable last year too,

6. BAGGAGE MAN. Tom Beer. ASSISTANT. Bill Epps.

The reason that Tommy volunteered for the job was
that he was dead scared he might get Catering. Incidentally,
he told the first committee meeting last Monday that he
was going to stir as much as possible because being in
committee such remarks didn't count towards the Paddle -
little does he know.

Bill Epps, apart from being stand-in for Tom, also
has the particular job as Tarpaulin looker-after. It
was Bill who said, after a lengthy discussion on the
fixture list, that it didn't matter how long you took to
fix a game of golf, it still only took about 140 strokes
to play it. Thus remark was wasted; the C.H. wasn't
present.

(7) EDITOR. Jim Howe.

Editorial Motto.

"Fair but just, say it we must.
Of all the rhymes this is the wust"

Trophies awarded at the Annual Meeting.

Points Score... Jim Howe. Eclectic... Don Vollus.
Sandy Armstrong K.O.... Wal Reynolds Senr.
Des McGuire Trophy... Jim Howe.

NEWS ITEMS. We are very sorry to learn that Charles Park, who did such an outstanding job as Editor last year has been taken ill. We understand that he may have jaundice and/or gastric ulcers. He is in Manly District Hospital.

Charles was recently elected as President of Manly Rotary Club and he must know that he has a large circle of friends from Rotary, the Civic Club and from the Lizards who all wish him a speedy and complete recovery.

The Committee decided that the August, September and October meetings would be qualifying rounds for the new Knock Out comp. Each member's best card for these meetings will be taken to decide qualification.

RULES OF GOLF.

It is laid down in the Rules that a stroke shall only be deemed a proper stroke if the striker uses a gentlemanly swing. If the striker mishits a ball so that it proceeds along the ground instead of up in the air, and the striker consequently uses foul language, even though the ball lands in the hole, then it shall be deemed that

It was considered inadvisable to pursue this argument in view of the ungentlemanly-like striker's position.

JIM HOWE.
