

Greetings, Lizards and Lizitors, on this beautiful, hot, steamy, fly-swatting day. The Lennox Walker long range forecast promises a sunny day with only a few deluges while you are in the middle of the fairways.

It is hoped that those who subsequently develop alarming symptoms will sufficiently recover by Christmas Day, so that they may partake of a lovely Christmas dinner consisting of a light, but nourishing portion of ~~yummy~~ milk pudding.

A HAPPY CHRISTMAS TO YOU ALL.....

TODAY'S MATCH.

This is the first December meeting to be held for many years. As those few intelligent Lizards know, it has been decided that today be a "Bring a Trophy, Win a Trophy" Day.

The idea is that each Lizard (or Lizitors) brings a trophy valued at approx. \$1.00 Only those who donate such a trophy will be eligible to participate in this pot hunting. The best score of the day will get first choice of trophy, the second best will get second choice and so on down the list.

To those who are forgetful fools, ignorant clots or just plain stupid, who want to enter into this but haven't brought a trophy, it is suggested that they may purchase from Col. Jellis either a golf ball, one dollar's worth of cigarettes or even one dollar's worth of chewing gum or Lifesavers.

Ed's Note. As you all know, the Editor's prophesies always come true. The Editor foresees that he will come last and land up with one dollar's worth of Lifesavers. Oh Gawd !

Note well. A trophy of a one dollar note will not be acceptable. The reason for this is that according to the Rules of Golf, it would automatically make the recipient a pro. Now we all know that the Lizards are a lot of bloody amateurs.

NEAREST THE PIN. Seeing that this is a special day, The President has decided on a daring innovation. He has decided that nearest the pin will be on the 1st and 17th.

LAST MONTH'S MEETING. The weather was so bad last meeting that it is obvious the 19 members who did turn up were hoping that they were the only Lizard to appear and thus win the Hennessy-Atkins Trophy. If this unworthy motive was held by any Lizard he will be consoled to know that it was shared by 18 other Lizards.

The day's event which was Canadian Foursomes was won by Gordon Donald and Les Atkins with 42 points off 16 Handicap. Second was Tom Beer and Erk McS.S. with 41 off 24. Visitors: This was won by Geoff. Quinlan and Laurie Laidlaw with 33 points off 18. NEAREST THE PIN: 1st... Nobody. 17th. Bill Epps.

The Paul Hennessy - Les Atkins Trophy was won by Tom Beer and Erk, because Gordon Donald was partnered by one of the donors. It was noticeable that Gordon was irked that he was done out of the trophy because when he received his club trophy of three Lizards glasses he hurled one of them to the ground in anger. Shame on you, Gordon !

THE ARIES. A full list of aries will not be published this time because it is considered that there is only one name worthy of mention, Pres. Les. If he is questioned as to why, he will offer a very lengthy explanation how he managed to miss the ball by two feet.

The other contender for the title of "King of the Aries" was ex C.H. Paul Hennessy, but of course this can also be expected of a notorious pot hunter.

#### POINTS OF INTEREST... 1.

A case of mistaken identity by an ignorant idiot, Dave Treharne, who as you know has been overseas for the past 6 months, was complaining to me that he didn't stand a chance on his present handicap because he hadn't had a game in that time. How did he go about having his handicap blown out ? So I told him to be pleasant to the C.H. buy him a drink or two etc.

He said, "But I've been nice to him. I've shaken his hand, smiled at him, talked with him and bought him drinks. It's still Paul Hennessy, isn't it ?"

No.2. The doings of a certain extinguished Lizard. This bloke's just moved into a another house. One night he arrived home in the early hours of the morning in a very mellow mood, to find the front door bolted. He rang the bell, he knocked, he hammered to no avail. His wife was sleeping like a log, that she is. No longer in a mellow mood he prowled around the house hoping to find an open window. At last, yes. He climbed in, using considerable effort and in great danger of certain physical defects, and found himself in the laundry and thankfully opening the door, found himself in the street again.

No.3. I recently had cause to phone Raffles, looked up the phone book and, for the first time, saw that his initials were G.A.B. Is this coincidence or did his alleged parents know that he'd have the gift of ? Incidentally, have you ever noticed the peculiar walk that Raffles has ? He walks sideways. He must have bias like a bowl.. all the weight on one side.

GOLF HINT, to all Presidents, particularly to those on a handicap of five.

If at first stroke you don't hit the pill  
Try again and again, at last you will.

AGAIN, A MERRY CHRISTMAS TO ALL.

DON'T HARBOUR ANY GRUDGES, PARTICULARLY  
PRESIDENTS WITH HANDICAPS OF FIVE.
