

Here we are again for another Lizards GOLPH DAY.

This month is Canadian Foursomes. Guess who won this event the last 2 years running (Up the Scots).

In this event you all tee up, but after teeing off you and your partner decide which of your two balls you wish to belt next. If it's his ball you belt it and if it's your ball he belts it and continue to take alternate swips at the one poor unfortunate ball until it is holed out. Then we all tee up again for the second hole etc.

Remember when everything else fails, try reading the instructions.

The trophy for this He-Man event has been donated by PRES PAUL & L. ATKINS.

Other Donors are R. Jenkins & S. West.

NEXT MONTH is the XMAS Meeting.....

Bring a Present, approximate value \$1.00, and take one.

WEATHER.....PERFECT.

Last month Pres Paul Did His NANA while conducting the meeting saying " I am getting very tearse.....you are all behaving like a lot of Kids".

Did you notice how his lopsided moustache kept twitching?

Our Siler Anniversary Ladies Night on 23rd. October was a great success. Lance Try our Lifer did a nice job as Master of Ceremonies. Pres Paul and charming Bev were overwhelmed by the presentation of two suitably inscribed drinking vessels.

T. Beer threatened to resign because there were no Carafes of wine served.

Billy Tea was seen doing a line for Roy Malm's wife.

During Bob Parker's speech he said that the Lizards have now adopted a new Theme....."We plough the fields & Scatter".

Later in the evening members and their good ladies moved down to the main dining area and were entertained by a popular group called the Rovers.

What with good food, fine wine, dancing and good company

JOKE

A man had been found murdered in his flat. He had been shot but no murder weapon had been found. Sherlock Holmes and Dr. Watson were called in to investigate. Surveying the scene Sherlock Holmes picked up a golf club lying near the body. Examining it closely he turned to Dr. Watson saying "This is the murder weapon". Good gracious exclaimed Dr. Watson how can you say that a number 3 Iron is the murder weapon. Elementary my dear Watson, How else can you shoot a hole-in-one. (End of Joke)

Of late Dave Trehanne has been bringing a regular visitor, named Godfrey, to Lizards. Godfrey is listed by the Secretary under the heading of Visitors and where it says amount the sum of 20cents is showing as being paid. This entitles Godfrey to 3 sausages, but being a tinny toddler he is not allowed to drink.

IT IS SAID.....

If Bernadette Devlin lived in India she would be sacred.

Cinderella wore glass slippers to show that her feet were clean.

Jock arriving home late one night was making a hell of a racket at the bottom of the stairs. His wife calls down..."What's the matter Jock? What's all the noise for?".
Jock...."I'm trying to get a nine gallon keg up the stairs."
Wife...."Can you not leave it till the morning".
Jock...."No, I've drunk it."

Question....What's the worst thing a nudist can do.
Answer.....Fry sausages.

NEAREST THE PIN this month are the 1st. and 17th.

The Civic Club is having another Golf Day....

The Venue....Palm Beach.

Time.....Feb'72 ...date to be fixed.

All Lizards are welcome. I am told that the catering arrangements will be greatly improved.

FROM OUR CAPT. HANDICAPER....

An appraisal of the first 4 months on the Electric Board shows that the average score for the first 9 holes is 36.5 strokes and 35.9 for the second nine. Which suggests that the Lizards play better when full.

Nobody has ever birdied the 1st, 9th, 16th, or 18th holes.

The 5th. is the easiest to birdie....you know the one I mean, the Jungle Juice Hole.

Gordon Donald has birdied 4 holes.

HANDS UP those who haven't paid their Annual Dues yet.

REMEMBER to qualify for the Canadian Foursome to-day a member must play with another member.

Happy Golping,

Your favourite Co-Editor,

ERIC MacMEECHAN.
