

GREETINGS LIZARDS AND YOUR GUESTS.

As you know, "It never rains on Lizards Day".

Today, there will be no rain. Only a few thunderstorms with lashings of hail.

The main event is the President's Trophy.

The Pres. has obviously been brought up (I don't mean vomited, you stupid fools) to appreciate the value of money. It is believed that the trophy will consist of one square yard of thin polythene with a 12 inch circle cut out in the middle. The purpose of the hole is to stick your head through on non-Lizards days. ("It never rains on Lizards days").

When the manufacturer refused to allow credit for the surplus hole, Pres. generously donated it to the P. and F.'s to be raffled as an indestructible sandwich carrier.

The other donors today will be Peter Allen, Norm Bentley and Gordon Donald. I cannot guess what the prizes will be, although I have it on good authority that Gordon has access to unlimited numbers of used 7c. stamps.

Nearest the Pins. It is with a good deal of pride after constant hammering at the C.H. to be more venturesome, he is beginning to see the light. He has decided that the N. The P.'s will be the 1st and the 17th.

LAST MONTH. 1st.. Paul Hennessy.. 36 off 18.
2nd.. Laurie Laidlaw. 36 off 16.
3rd.. Dave Treharne.. 36 off 30.

These, of course, were on count backs.

VISITORS. 1st Mike Hennessy.. 41 off 17.
2nd. Jock Stuart. 38 off 6.

NEAREST THE PINS. 1st. Royle Jenkin.
10th. Roy Malm.

BRADMAN. ROYLE JENKIN. 28 points.

POINTS OF INTEREST.

1. I have subsequently received a message from the C.H. in which he states:

- (a) The day could be called a Hennessy Benefit Day.
- (b) This was partially obliterated by tears. I cannot read it.
- (c) This was also too difficult to read because of a flow-on but the gist was that he was a masterly C.H. because there was such a narrow margin between the 1st and the Bradman.

Now this obviously means that he wants another term as C.H. I've got an idea that most members violently disagree.

2. AT PALM BEACH.

- (a) This event was run by a Committee of three... Ron Hathaway, Paul Hennessy and Bob Griffith, headed by Ron. Now, if you paid a bloke to disorganise an event such as this, he couldn't possibly achieve such a result as was achieved by our committee.. such as the N.the P.'s were the 4th and 18th and the longest drive on the 17th.

These, without warning, were taken as including the 13th. and presumably the 9th. and also the 16th for the longest drive. It's a fact. Who knows ?

- (b) Dave Treharne wrapped his iron round a tree. He was speechless except for one five lettered word beginning with "ph".
