Treasurer to remind him, as a result the meeting was late
starting. I don't think Bugs Bunny knows what time it is far
less what day. Maybe it was April Fool's Day.

he is in training for next year!!!

also.....LES GARLICK & RON HATHAWAY walking round the
course with 3 clubs only each at the shoulder arms position.

MENUE FOR THE DAY.....Our chef, Billy Tea, of world renown has decided

ANSWER.....Because the air is free.

QUESTION.....Why do Scots always breath through their nose.

ANSWER.....To save the wear & tear on their false teeth.

DRUNK.....I hat Scotsmen!

WHY?.....Because they invented a game I can't play & a drink I
can't hold.

We are planning a Bi-Annual Ladies Night at the Manly Civic Club on
Friday 19th. May, 1972 at a cost of \$5.00 per head. Visitors who
have played three consecutive months immediately prior to Ladies
Night are welcome. See attached form.

ANNUAL GENERAL MEETING will be held at the Manly Civic Club on
Tuesday 4th. July, 1972.

TRANGIE GOLF WEEKEND...26th. May, 1972...all interested see R.Mathew
or P. Hennessey.

LAST MONTH fearless Freddie Porter hit off the 2nd Tee, his ball landed
in Geo Russell's glass of beer on the northern side of the grog shed.
This is treated as a water hazard. He could either hit out without
grounding his club or lift out for a penalty of one. He chose the
latter. He also had to shout George a free beer.

We hope to have a batch of the latest rules of Golf Books for you
shortly.

LIZARDS OWN UNWRITTEN RULE ON THE 9th.....If you hit a ball out over
the fence on the full, you pick up & replace ball inside fence but not
nearer the pin, you are now having your 3rd stroke. If your ball
dribbles under the fence you may replace the ball 2 club lengths inside

the fence but not nearer the pin, for no penalty. If you belt the ball into a passing car, get lost in the crowd & if your mates dob you in see Ron Hathaway.

Last Month I won a chicken in the raffle....Question...Who knocked it off??

Last edition I suggested you put your money on Billy Sheehan. That still goes.

TIP for the Bradman.....R.H.

An expert dietician recommends eating seafoods to improve your sex potential. He points out that the Pacific Islands etc are known as the "Love Islands". One patient complained. He said that last night I ate a dozen oysters but three of them were no good.

We are expecting a big roll up to-day & therefore hit off time is 8.30am so get cracking & ease the congestion.

JUNE MEETING is Lizards v St. Augustines day. St. Augustines are limited to a team of 20 and again the hit off time will be 8.30am

REMINDER.....Members must play with their guests. Visitors are not allowed to invite visitors.

HAPPY GOLPING....
