"It never rains on lizards"

or put another way

"It never rains hard on lizards"

would you believe?

"It never rains hard on Lizards all day"

how about

The third Sunday in October sure was an unusual day"

or, as they say in Russia,

"What can you expect with a Pole for a Pope?"

Needless to say, this minor problem of mist in no way detracted from the day and twenty five Lizards with eight guests had a great time. A number of Lizards revealed their true crocodile ancestry and proceeded to take Royal Avalon apart. The results were:

Two new members were welcomed to the club in October.

Ian Hampson and John Board. Lizards present exhibited their usual interest in the proceedings, while the applicants raced

around the hut in anticipation. Gentlemen you are most welcome.

Events

Ladies Nite was its usual roaring success despite a slightly disappointing attendance of only fifty. The company, food and fluid were all of an excellent standard.

The Manly Civic Club

The Lizards Golf Club has directed me to express its great appreciation for the friendly help and assistance it has received from the Club as a whole and in particular the Club's manager and his staff. The Lizards are most appreciative of the support they have received, both financial and personal, over the past year.

The Raffle

The traditional Christmas Hamper Raffle organised by Dave Treharne for the Dalwood Homes commences today. Tickets are on sale from the croupier. Donations to the Hamper are welcomed and should be given to Dave.
