PRESIDENT'S DAY

The old saying that it never rains on Lizards Day will be really put to the test today when we battle for the coveted honour of taking off the Prezzo's Trophy. A few visitors who have never played with us before are expected and a special welcome to them.

Last month 19 members and 15 visitors rallied around the course with the following results:

J. Atkins Trophy.....BILL SMITH 42 pts off 25

LIZARDS: 1st G. WOTTON 18 off 18

2nd R. MALM 37 off 15

VISITORS: 1st S. SUMMERS 46 off 17

2nd A. GARNER 45 off 19

NEAREST-TO-THE-PINS 1st P. GALE

17th M. PLIM

BRADMAN: D. KNOX 24 off 36 (22 pts on the 2nd nine)

BEST 1st NINE: T. HOLLIDAY

2nd " : M. PLIM

The tote was held last month and was well supported. All going well it'll be on again today, so be in it. Someone asked how much the club makes out of the tote--nothing. It all goes out again to the lucky ones.

CIVIC CLUB GOLF DAYS

The Civic Club has once again extended a most generous invitation to all Lizards to attend a couple of Golf Days--one at Long Reef on Tuesday February 27th and at Manly on Thursday March 15th.

Entry forms should be available today from Bill Epps. Long Reef starts at 10.30 a.m. costs \$5.00; Manly about 10a.m., cost \$6.00 and worth every cent as you'll agree if you've ever sampled the Manly menu.

OLD LIZARDS MET AGAIN

What a night! About 10 early members of the Lizards got together at the Civic Club on Feb. 5th with several of the present Committee. Idea was to suck their brains on the old days, the formative days of the club so we can incorporate as much personal stuff as possible in the writing-up of the Lizards history. It was all so taped and you can be sure will never be erased. A classic if ever there was one. All the old Lizards were presented with gold Lizard badges and several were noted with lumps in their throats during the touching ceremony. Some of the early stalwarts will be attending the March meeting.

HOWZAT FOR CRICKET?

The scene: Nine Lizards, two Civics, a Labrador dog all huddled under umbrellas at Manly Vale surrounded by sundry cricket gear, a mine of old, ice, score books, two waps and drizzling rain. For a short while the old and new blaw blawers argued about whether for the keg should be cracked but no firm decision was reached. When the Labrador dog disappeared into the quagmire of the playing field and didn't surface the game was abandoned and most spent an enjoyable day at the Manly Skiff Club playing pool, darts and drinking, then on to the Civic Club singing around the organ. The game, against the Civic Club will be attempted again on February, 25th (Sunday).

SMILE+-YOU COULD BE ON TV!

At great expense within the next few months a TV coverage of the Lizards at the first tee at Avalon has been organised. No date as yet, but I'm told the preview of the film will be at the annual general meeting.
