

Greetings to you Lizards and your Guests on this beaut day.

Such is the result of ~~fame~~^{same}. The Flat Out Like was given to Peter's girlfriend to type a stencil. Peter rang me on Friday to tell me that his car had been broken into and the stencil pinched. So I am doing this from memory.

I cannot remember last month's results, so you will have to do without.

- Can't remember the nearest the Pin.
- Longest Drive is the 6th or 15th.

Today's game is for the Captains Handicappers Trophy.

Being all heart but with very ~~much~~^{little else}, he has chosen a trophy which is most apt for his position. The lucky winner will get a most handsome prize which will consist of having his handicap chopped by three points for the next three games.

UP FRED!

POINTS OF INTEREST

1. The reason you did not receive your last month's Flat Out Like was ~~because~~^{not} because Your Most Honourable Editor didn't do it. Your Most Honourable Editor gave it to FFFF. Usually I refer to Fred as FFF (Fearless Playing Fred) but this time you will note I have added an extra F. This extra letter does not mean what you think it means but stands for Forgetful. However, if I have any more trouble with him I will refer to him as FFFFF. This time the additional letter will mean what you think it means.
2. The Canny Scot Erk Mac Septic Slush, drinking in a Club with a School, had it pointed out to him that it was his shout. He was so perturbed he brought one drink too many. He then sold the extra drink for 20¢. This loss of 2¢ is the reason he looks so miserable. The same character had a bbwls night. When the other players ordered and paid for their supper Erk produced a tin of soup and had it heated up at no cost.
3. Ladies night to be held in the Civic Club on Friday 26th October at 6.30p.m. for 7p.m. Tickets are \$5 per head. You members who are bringing your ladies will agree that this is very good value. You Lizards who only own a woman will no doubt kick at this exhorbitant cost. If you feel this way you can complain to the Pres but I fear that you will not get anywhere because as we all know he is not renown for his generosity.
4. The reason why Y M H E was not present at the last Lizards Meeting was that he had the Trots. He knew that to present himself at the meeting would certainly be no cure but would only aggravate his condition. Y M H E was appropriately tried by 11 Lizards and found Guilty. He was then fined 11 middies of Old. Y M H E to plead for his defence, *recruited the services of* Inspector Frank Williams of Scotland Yard. Now we all know Frank Williams knows all about the criminals of Scotland Yard but when he suggested I should appeal, I realised he knew nothing about Lizards. I promptly fired him.
