

This edition has been held back from the presses to ensure that the "good news" was in fact correct.... and now it can be confirmed.

Our King of the Airies - Editor in Chief - Oriental +++ - who was judged guilty of a variety of heinous crimes recently, was successfully deported on Sunday last. Senior Member, Dave Treharne escorted him to put our minds at rest on the effectiveness of the sentence i.e. term of banishment for 5 months.

In recognition of the public benefit of this happening, we sincerely hope there will be no lack of volunteers to take up the duties of calling our "free-swinging" golfers to order.

Contributions to your editor have been significant - by their absence - and regrettably the only other source of news - gutter gossip - provided items too hot to print. However, as your pro-temp. Editor it will obviously be necessary to use such items next month, unless you make use of your listening post and provide interesting, amusing, slanderous or golf items for editorial use.

One result from last month available for print... Jock Ross/Alistair (AWL) Annual Trophy ; won due to a magnificent effort from a member who really does not accept the "Royal" in Royal Avalon and a hanger-on, Jack Ewers and your (temporary) Ed. Thank you, Jack. (N.B. Pairs were selected in secret).

Last month's meeting was obviously up to, if not better than, usual standard if the following is any guide:

1. Reported finding of one pair of reading glasses (Hope the owner has rubber arms) may be recovered from our venerable, volatile, voracious, verisimilitudinous Life Member - Plant Engineer, Lance Try.
2. Gordon Donald's Chooks. Raffle tickets sold to winning customers - last month's winners must have drowned their memories and Lance, at personal sacrifice had to eat chook all the following week to avoid the problems of putrefaction. Offer stands to the two (only two) winners to claim second generation replacements and give Lance a change of diet.

.... Back to GOLF.

This month one of our classic annual matches - LIZARDS versus The GARDEN CLUB. Two potential problems - the tendency for golfers to use short irons as gardening tools and the split of loyalties within those competitors belonging to both clubs

UP THE LIZARDS !

Also in April the Laidlaw/Osborne Day, so let's have a real effort all round since those two pirates can't win.

Nearest the Pins ? Ask the redoubtable Fearless Fred.

No further printable news this month - please provide more ideas for May.

ED.

OH ! P.S.

Just remembered last month's beaut.
Father and Son Day. Pity we collectively have so many daughters.
Won in positive style by the Thompson Family - Bob Senior and Bob Junior.
Hope we can produce better competition next year, men.
