

Now hear this ! LIZARDS ANNUAL MEETING JUNE 25th.
at the Manly Civic Club. Be in it. It's your only chance
of appointing office bearers to your liking. Remember that
Lizitors are also welcome.

Civic Club Golf Day scheduled for June 4 was, unlike Lizards'
Golf Days, washed out. New Date. Tuesday, July 2 at Cromer.
Bookings still open.

NEWS OF OUR WANDERING LIZARDS.

Not only has Geoff Quinlan visited Aberdeen but we hear
he proposes to hole up there for some time. He reports the
need for central heating in summer, so bets are that he moves
again before it freezes over.

Dave Treharne, according to our Police roundsman, was
rolled for his roll in London. Tough luck, Dave, especially
considering all the interesting bits of information no doubt
interleaved among the banknotes. That may teach Dave not
to leave Godfrey behind when visiting dangerous areas.

Our spies also report that Dave has joined the horsey
set - visited a saddler to get fitted with a leather cinch
with pockets in it ! Wouldn't it be interesting to watch
Dave's shout in a mixed bar ?

There is some doubt about whether "Our Jim" has joined
a monastery or dozed off somewhere. There would be some
complaints if he were still in circulation. Maybe he is
doing his first draft of the September "Flat Out Like..."

Two other of the larger species of Bizards went bush
recently and we are told were re-christened as a result of
revealing their style on the local golf course - meet
"Honest Jack" and "Fairwayless Fred".

Our very excellent caterer admits he is intrigued by a
mystery - even more baffling in view of Godfrey's leave of
absence - How come the last of the frankfurts were decorated
with teeth marks ? By the way, said caterer is about to
set another first - to follow up those tasty snacks. This
month - Soup ! Let's see you leave tooth marks in that -
better still, don't leave any.

Another matter of concern to all. The Captain-
Handicapper's records suggest we may all need a good deodorant.
It looks as though all our friends have deserted us. Count
of Lizitors has been falling lately, to an all time low of
Five (5) last month. Now don't let's have excuses about
"the weather" etc. Just remember you can't have Lizards
without the embryonic form - Lizitors. We might have to
institute a "popular man" competition if things don't
improve.

(Enough of the waffling... let's talk Golf.)

On a typically bright sunny Lizards Day, admittedly soppy
underfoot, those 5 brave Lizitors joined 21 Lizards for the
President's Day in May. Those damned pirates were out in
force again and when you remember the liquified condition
of the course you must agree that 5 players claiming scores
over 40 points would indicate that we must be a pretty hungry
mob.

Even the Bradman ! How could anyone expect to win the Bradman with 25 points ? .. or perhaps it was the bad golfers who stayed away. Anyhow - President's Trophy to the consistent Toby Webb, who collected 7 two-pointers in 9 holes and stayed square for the full 18 with 36 points.

George Lobb who used to play off 32 won the Lizards Trophy with 44 points while Bill Smith, an ex 24 marker, pipped our President on a count-back with 43 - see what I mean ?

The Scots picked up both nearest the pins. G. Donald on 13 and E. MacMeechan on 17. Handicapper's new two shot system on the 2nd hole was won by our Bradman of the March meeting - B. Osborne. Our new Bradman ... Lorri Laidlaw.

Visitors' Trophy.... Norm Tardiff.

JUNE MEETING. E. Clare/G. Wotton Trophy Day also has another outstanding feature - our annual match against Saints (Augustines) to you.

That also means the tote will be on again, so let's have you honest blokes backing yourselves.

It was reported that a certain Saints supporter offered to send along four extra players, provided we played mixed four ball ... sorry, Lady, a good try but you know what Lizards are.

Amid the battle against Saints, you may care to try your luck on nearest the pins on 4th and 17th. Handicapper's two shot special is on again at the second hole.

Remembering this is our last meeting of the season, you all might like to make one last desperate effort to win the Point Score Trophy. I hear whispers that there is a very close tussle between two members - but watch for the bolter !

Finally, we all know that Lizards change colour etc. but this lot seems more intent on regularly changing handicaps.

First the good news. G. Lobb 32 down to 28
W. Smith 24 down to 22.

T. Webb.	13	up to	14.
G. Donald	9	"	12
P. Gaze.	12	"	14.
L. Laidlaw.	13	"	16.
E. MacMeechan	26	"	28
P. Porter.	22	"	24
R. Thurston	31	"	34
W. Townsend	15	"	16
L. Try.	33	"	34

New member, Fred Goozee, gets a flying start with a generous handicap of 14.

Geoff Wotton

Editor.
