"FLAT OUT LIKE" ---

Today's meeting is the Jimmy Howe and Dave Treharne day, Dave asks that, even though Jimmy will not be with us, the day be carried forward in the Programme. It is also the annual punch up between the Lizards and the Garden Club, the Committee were undecided as to how many kegs were to be ordered for this event and decided to play it safe and consequently a direct pipe line from Avalon to the brewery is being installed. A special trophy for this event is being donated by Harry Tipper. Nearest the pins will be the 1st and the 13th and the 2nd shot on the 6th hole.

1. Gordon Knight teamed up with Fearless Fred against Jock Ross and Alistair Campbell in a Scotland versus Polonysian Pommie Match.
According to Fearless it was an easy victory for the Pommies.
2. Having occasion to try and get the same Fred on the phone last week, I went through the phone book for his number (the one on the fixture card is a brumby).
Came across C. F. Porter "Professional Golfer"
Gordon 498-2809. That was the first number I did NOT call.
3. Your Editor is on Holidays this week so that's your lot for this month unless you want to pay double time.
