

JUNE EDITION 1975

L.G.C.

## 'FLAT OUT LIKE' ---

The first of the club's meetings is the Clare-... which... but... have not seen much of the old Ted lately. For the recently initiated... Ted is one of the old originals and at the period in... was not complete without him.

Jeff of course is... and sometime partner of Ted's at indoor bowls and... like it brought to attention that Wednesday night is... night at the Manly Civic Club. This is a good night and not necessarily for the experts as beginners are more very welcome by the regular bowlers, who generously pass on their expertise, such as "not that way you may" and "call yourself a bloody bowler" etc.

Today's meeting closed the 74/75 season and it is your last chance to improve your eclectic scores so take a look at the Board before you go out and knock one or two birdies in where you have the fours and fives showing. The annual general meeting and usual punch up will be held at the Civic Club on the 25th June 1975 (Wednesday) when a new committee will be elected for the 1975/76 Financial Year.

The meeting will commence at 6.30 p.m. sharp and Dinner and Presentations at 7.30 p.m. sharp (we hope). Having heard that Freddy Porter is giving the handicapping away and knowing that he will knock me for a few strokes on last months second I take the opportunity of telling the Bum that all the nice things I said to him during his term of office were said with forked tongue and that he is actually a bloody awfull robber as a handicapper and I hope the next handicapper starts him off scratch.

We still have problems with the key tapping in the Plant Engineer absence and I suggest that someone pinches Lance's Lawn bowls and gets him back to golf. ,

Billy Sheen and Royle Jenkins good ladies recently arrived back from an Island cruise on the Fairstar and luckily were not hurt, just like those two to send their wives out into a hurricane, give them a treat but make sure they have a rough time.

I think it might be a good idea if we drank one down to Harry Thurston today in appreciation of the excellent catering job he has done during Brians unfortunate absence, keep making with the kidneys Harry they are bang on.

This edition completes my term of office and if during the year I have missed anyone I apologize and suggest you start misbehaving a little to give the incoming editor something to write about as the Lizards have never in history been such a bunch of law abiding gentry.
