

Welcome Lizards and Lizartors to a crisp, clear brass monkey morning. The course should be dry with a lot of run so you will need 42 points to win the day, To-day's donors will be announced at the Meeting -- or sooner if the fixture cards are able to be printed. Jack Gaudron, last month's winner of the Epps-Hanson Day will cop his trophy this afternoon. ← LE MON SAILARD DAY

The Sailors have been and gone - a near record attendance of 68. The Manly Sailors won the day for the first time since 1973 with 760 points to the Lizards 735.

The results for the day were:

Lizards 1st "Biggles" 40 off 36
2nd John Atkins 36 off 28

Visitors 1st Barry Norton 42 off 25
2nd Ken Bleach 41 off 28

Donors Trophy Jack Gaudron (3rd in Lizards) 35 off 36

Nearest the Pin.....1st Bob Kerrigan
4th George Bird
10th Ron McInnes

Nearest the Pin

Second Shot Terry Farrell

Bradman Ian Hutchinson 15 off 30

STEPHEN NORBIS, Junior Manly Sailor and current Flying 11's Club Champion, pulled a 4 wood hand-over-hand out of his bag on the 9th and slammed in a HOLE-IN-ONE!! Just because he is good looking, intelligent and built like a fibro dunny he didn't have to wang on a stunt like that. It completely de-scaled the Lizards and was the turning point in the match. Congratulations Stephen and our thanks to Ross Gibson for organising the Sailors on the day.

Our esteemed Captain/Handicapper, after the event, accompanied the trophy which is a silver water jug "normally" found on the Bar in the Civic Club, to the Sailing Club and after the festivities, for reasons best known to himself, returned it to the Civic Club. In his wake came a flotilla of buccaneers intent on returning the bullion to its rightful place. The deputation was successfull and the jug is now in the tender care of the Sailing Club.

Nearest the Pin holes to-day are the 1st, 8th, 13th and second shot on the 15th.

The draw for the Lindenberg Trophy has been made and will be announced before the Hit-off this morning.

Last month's Lizards winner, "Biggles" has lost 2 strokes. Dave Treharne, Geoff Wotton, Fred Hanson and Fred Goozee have picked up 2 strokes each and should be worth a flutter on the tote.

Martin Smee and Pat O'Keefe have transferred to the Country Members list. Pat has taken up residence in Hobart and Martin is currently the Assistant Trades Commissioner in Port Moresby.

Dave Gilchrist ex-Country Member is back on the full time basis and will be assisting George Bird to-day with the Handicapper/Captain duties in the temporary absence of Alan Lewis.

A special welcome to new Members Rick Bateson, Denis Cooper, Paul Hennessy and David Jones.

Lizards membership is full and there is a waiting list.

Royle Jenkin is still legitimately on the Invalid Port but had time to relate to President Peter Allen the occurrence of a lizard attacking Peter's namesake on the Port Hedland Golf Course - rated internationally as the worst golf course in the world -- whilst Mr. Allen was competing in a 9 hole Stableford event with the temperature soaring around 47 degrees.

The lizard, described at the 19th hole as a 20 foot dinosaur, raced up the leg of the player's baggy shorts completely destroying Mr. Allen's concentration and everything. An article in the June issue of Australian Golf headed "Port Hedland" - where lizards and spinifex reign supreme " describes the incident in gory detail. Thanks Royle for keeping us in touch with Lizard doings.

10 Points to visitor Paul Hulme for running the putting competition last month. Several points go to Len Le Mon for pointing him in the right direction.

Dave Treharne is looking more than relieved now that son Hugh has turned up having "gone missing" on his yacht "Impetuous" for 30 odd hours during the Fastnet race. The performance of "Impetuous", "Ragamuffin" and "Police Car" during the worst yachting disaster in history has been recorded around the globe. We should all feel proud whether we are Hugh's father or not.

GOOD GOLFING,

EDITOR
