

FLAT-OUT LIKE... MARCH, 1980.

APOLOGIES at the prize giving ceremony were tendered on behalf of Jack Gaudron and Rick Bateson - They had gone off to get married - more news of this next month.

HAPPY BIRTHDAY to Gordon Donald. Gordon knocked over another year whilst present at the Lizard's committee meeting last Monday, but was very quiet about the event. We should do something about it today.

PAST PRESIDENT Roy Malm is off to hospital for an operation on his foot but could be out at the course today as an observer and to have one for the road before being fitted with the back to front pyjamas.

VICE PRESIDENT Geoff Wotton attended the last meeting of the Warringah Shire Council and reports that Avalon Course is to carry on as it is, the fees remaining the same till August. Fees and continued Council ownership will then be discussed.

ECLECTIC Scores are displayed on the wall today and are well worth a look. A couple of members are down to 2 under the card but it is still anyone's game when you throw in the handicaps.

SHORTAGE of petrol and beer has not had too much effect on our attendance or catering - thanks to the efforts of President Peter Allen and Secretary Marty Plim.

Good Golfing.
