WELCOME to Printers Day. Our bold-faced type printers Roy Malm and Billy T, have been co-donors since Caxton invented the steam shuttle. Both of these gentlemen have been Past-Presidents, thank heavens, and will retain their position on our top shelf long after other publishers such as Ita Butrose have slipped from memory.

NEW MEMBERSHIP - Harry Warner and Noel Corley passed through the Committee's digestive system last Monday night and will be presented to the members today for their approval - Good luck possums.

MUDDY WATERS lost 2 strokes for his effort last month, Len Le-Mon as well as a few not in the prize money were ripped one shot.

NEW MEREDITH, old fish-fingers, has raised the problem of inviting the Harbord Golfers out to Lizards one day. Our fearless leader, without even forming a rejection committee, answered "Why not, we would be pleased to see them." Stand by for 'borders in the near future.

DOUG DUNCAN, just to break the monogamy, was being married in Adelaide early this month, when in the midst of the rustle of crinoline, the who gives this woman, the forever hold your peace and the dropping of the ring bit, he was asked to flash his Lizard's badge. After a lengthy search through hired pockets it was not forthcoming and everyone at the reception got one free drink.

ROGER EHRET became a father last week. No-one seems to know what size or type it was but one passer-by said it looked like a little Roger.

LADIES NIGHT could well be Friday, 27th November at the Civic Club - start forming a party. There could be more info. at todays meeting.

JIM HARDMAN, the straight-shooting country lad from Narrabri, is off to Gove - his daughter and son-in-law are the local newsagents. Apart from reading he will be spending some time at the Gove Golf Course which is subject to seasonal plagues of buffalo and crocodiles. We will all miss you, Jim.

JACK GAUDRON has donated new nearest-the-pin markers. We hope to see them today on the 4th, 8th, 10th and second shot on the 15th.

Good golfing

Editor.
