FLAT-OUT LIKE

HAPPY NEW YEAR and welcome to HILTON/WALTERS DAY. Ray and Muddy have onerous occupations around the hut. Ray is Assistant Croupier and Mal is our Victualler. Ray has to put up with Pearly Shells being his immediate boss and for an encore is the Club's furniture maker. At the last Committee meeting he took on the role of building inspector and condemned all the historic chairs, tables and other objects of art that have been selectively accrued over the decades as being unsafe - the cheeky little possum - if they were going to disintegrate they would have done it 20 years ago.

THE CHRISTMAS/CIVIC CLUB DAY produced the following shocks to the system:

LIZARDS	1st Jack Gaudron	47 points off 35
	2nd Bill Sheehan	45 points off 27
VISITORS	1st S. Duncan	51 points off 32
	2nd D. Webb	45 points off 35
NEAREST THE PIN	1st A. Skinner	
	8th Paul Hennessy Jnr.	
	13th George Bird	
Second shot on	11th Phil Sailard	
BRADMAN	Harry Warner	23 off 30
M.C.C. DONORS TROPHY	1st Mal Walters	
	2nd Ian Hampson	

(Presented on the day by John Mooney, Sec/Mgr. M.C.C.)

PRESIDENT'S "SOPHIE TROPHY" Bill Sheehan

CHRISTMAS HAMPER won by Mr. Trotter c/- Manly Post Office - one of Gordon's mates, he sold the ticket.

THE CHRISTMAS HAMPER left us with approximately, \$200, over and above all other, to be donated to charity. The committee, at last Monday's meeting attended by 15 Lizards, decided to put the result of this year's effort into the open and hard working hands of World Vision of Australia.

JACK GAUDRON was our father clause at the Christmas bring a prize win a prize. This is not an enviable task when you are confronted with more eager faces than presents.

PREVIOUS SANTA Martin Smea, who has been doing it easy as Assistant Trade Commissioner in Port Moresby, is back in Australia and going through some sort of de-briefing ceremony in Canberra. We should see him at Avalon soon. His wife and constant companion is in the pudden club and by March we should all be the proud grand-relatives of a Lik-lik Smea.

GOOD NEWS is over - the faceless 15 put the fees up \$2 last Monday. Starts today.

Our illiterate Editor had his 40th Birthday during the week the strain was so great that the also illiterate Tes. had to rummage through his pockets and obtain copy for this notable issue.

Hope you all score something and remember Nearest the Pins 1.8.13 and 2nd Shot on 15th.

REGARDS: EDITOR & FRIEND

P.S. THE PRESO HAS MISLAYED THE LIZARD AGAIN. SRIBE HAS IT. IT WAS NOT STOLEN. THIEVED OR WHAT. ONLY LOST SHOULD HE BE FINED?
