

FLAT-OUT LIKE

February 1982

WELCOME to Founders/Life members' Day. Our founder Leon List and lifemember George Russel will be with us in spirit. Life members Col McClelland, Lance Try, Bill Sheehan and Gordon Donald have a much better chance of winning the putting competition and it is hoped that we see at least 3 of them today.

DON GOOZEE, that quiet, unassuming noisy fellow is this month's donor.

HILTON/WATERS Day produced the following unlikely results :

LIZARDS	1st Noel Corney	45 off 16
	2nd Denis Cooper	45 off 21

VISITORS	1st Catch	37 off 30
	2nd Stuart Duncan	37 off 25

NEAREST THE PIN	1st Alan Lewis
	2nd Denis Cooper
	13th Don Goozee

Second Shot	Ian Hampson
-------------	-------------

BRADMAN	Ian James	20 off 36
---------	-----------	-----------

DONORS TROPHIES	Andy Warner	Best 2nd 9 holes - 23 pts
	Don Goozee	Most 2 pointers - 12

FINES were rife during the prize giving cum general business ceremony. Some of the least recurrent fines were :

Catch for having the number plate CATCH on his car;

Gordon Donald for not wearing PMG sox;

Len Le Mon for selling 'ral around your ankles' sox to Marty Plum; and

Ian Hampson for adding the cost of his fines to the catering bill.

DOE COOZEE suggested, with unanimous support, that the Greenkeeper be commended for the course being "in such good nick". In the absence of any such pat on the back being forwarded, we might shove a copy of F.O.L. under his door - any communication is better than none.

NE/ MEREDITH won the raffle.

NCEL CORLEY took out the putting competition with a long wandering hole-in-one.

GEORGE BIRD our esteemed Captain/Handicapper was fortunate enough to have the never-go-home Wotton clan available to push, lift and cause his pneumatic tyre emporium to come out of a bog on the surrounds of the course and find its way to some hardstanding after last month's game.

THE CAPTAIN/HANDICAPPER and WATERER have onerous tasks and it would be considered gentlemanly of us if we gave them precedence when they lined up at the 1st Tee. The precedence would not extend to their various staver busters, tucker droppers and numbers men.

BILL EPPS has never arrived early at a Lizards meeting in the Civic Club. With extreme effort he turned up 1 week and a quarter of an hour early for the February assembly. Paul Hennessy was there to see him and caused this mention.

TREASURER P.H., has handed over the \$180 proceeds from the Christmas Hamper to this year's chosen charity - World Vision. The donation was not to be regarded as a sponsorship for an individual child but was to be spread evenly over the 47 million little possums.

CHRIS WRIGHT has applied for membership on the prescribed "form" and passed the medical at the meeting last Monday night. Chris is a strapping lump of a lad and spends 5 days a week on the fairways at Royal Manly Golf Club. He will be presented to the members today.

THE CAPTAIN/HANDICAPPER advises that :

the Lindenberg Trophy is on again today,
 Denis Cooper and Noel Cawley have lost 3 strokes,
 Paul Hennessy & R., is up 2 strokes, and
 Nearest the pins are 4th, 9th, 10th and second shot
 on the 14th.

Good golfing

Editor.
