

LIZARDS

FLAT OUT LIKE

MARCH 1983

WELCOME to Secretary-Treasurer's Day. Paul Hennessy is the donor, again. We are still recovering from Hennessys' Day. The first time he made the front page of Flat Out Like was his election to Captain-Handicapper back in 1968. He is now the only active member of that 10 man Committee. Paul has been harassing Lizard Presidents ever since - except for 1972 when he took on the role himself. He is a Lizard to the last metric scale so we had better get used to him.

NEW MEMBER Vern Petersen welcomed the Visitors. Don Goozee, Country Member, responded. Don has joined Palm Beach and dodges balls out there off a handicap of 24.

THE AIRIES were a select group: Andy Warner, Rick Bateson, Ray Hilton and Catch. The un-melodious swingers were led by Choir Person Len Le Mon.

PAUL HENNESSY conducted the meeting in the absence of our gallivanting President. Harry was up Queensland way making sure his son was married. Paul raked around the hut looking for the Vice-President or Immediate Past Pres., but when he came up with zilch he decided to do a better job himself. Not hard to do when you have nothing to beat.

FINES: Some of them were -

President	for not bringing "The Lizard" to golf;
I.P.P.	for loitering with intent at a place other than Avalon;
Nev Meredith	for throwing a club at his step-son;
Neil Shackle	for scoring 50 points and being a neighbour of Dave Gilchrist, Asst., Handicapper;
Dave Gilchrist	for scoring 5 points on one hole and bringing Neil Shackle;
Billy T., winner,	for not scoring on the last hole to save his handicap, and
Paul A., Paul R., and Michael Hennessy	for drinking on the course. Someone asked why we bothered to feed

them - an astute member replied "To sober them up, and anyway, the good looking one is the Cook".

THE MANLY -WARRINGAH LEAGUES CLUB will not be performing as advertised. More about their disappearance at the meeting.

MARK McMILLAN is donating a trophy today to commemorate his imminent marriage. Poor twisted lad.

JOHN BOARD well known Service Station Proprietor up Allambie Road and recent member has applied and been placed on the Country Membership list.

THE LINDENBERG COMPETITION is under-weigh . The full draw is on display in the shed.

LADIES' NIGHT, Friday 20th May, is creeping up on us. More details at the Meeting.

GEORGE BIRD, who missed out on a trophy for winning the February putting, has sold his Combi - the refrigerated towel Emporium - and is gadding about in a H.R. Holden. Looks as though we will have to go back to Mansours for our haberdashery.

THE CHRISTMAS HAMPER has been delivered with due ceremony and the proceeds donated to charity.

DAVID GILCHRIST handed the cheque to the Spina Bifida Assn., of N.S.W. David's 15 month old son Adrian has this disease which can only be described as crippling. Adrian has just come out of The Royal Alexandria Hospital after his ninth trip. David's wife is Secretary of the Association. The Gilchrists' are doing their bit for Adrian and his friends and, on this occasion, the Lizards have played their small part.

LEONARD LE PEARL accompanied George on a soujourn to the Newcastle area to practice their golf during the week. Its to be hoped that Len unloaded all of his St. Patrick's Day Only green socks to the Novocastrians.
