

OCTOBER 1983

# FLAT-OUT LIKE...

WELCOME to CAPTAIN/HANDICAPPER'S and ASSISTANT'S DAY.  
Dave Gilchrist and Alan Lewis are thinking of donating minus 3 strokes for 1st and 2 for 2nd. Dave has come up with a new annual event. It starts today and runs for 3 months. The member with the most stableford points in Oct-Nov-Dec will have his name on the Cup and walk away with a special prize.

PRINTERS ' DAY produced the following results;

MATCH OF THE DAY LIZARDS vs MANLY VALE SOCCER CLUB  
Manly Vale Soccer Club 260 points defeated Lizards 258 points. Congratulations to the Soccerroos - we hope to see them again next year.

FINES; Some of them were;-

President for drinking out of a glass;

Alan Lewis for permitting his Maths Teacher wife to work out the Club handicaps when he was Captain/H'cp;

Garry Webb for accepting the wrong handicap;

David Jones for knowing the rules and being stupid enough to break them;

Chris Cartheight and Steve Search for throwing clubs; and

Bill Epps for not having his badges and testing his balls in the Shed.

George Bird was not fined, so he donated 40c.

THE WEBBS were out in strength. Toby played with his grandsons David and Garry. Toby's son Warren had planned to play but couldn't make it on the day.

NEW MEREDITH'S win with 44 points has cost him 3 strokes, Paul A. Hennessy and Bill Sheehan lost 2 each.

RICK BATESON, our best dressed golfer, scored an honest 29 points and has been given 2 strokes.

RAY WALSHAM couldn't play last month because he was "in Berrima". No one mentioned whether he was there on holidays, working or at the Governor's pleasure.

STEAK SANDWICHES were at a peak. Several members mentioned their succulence. Our congratulations to the Chefs.

CHRIS WRIGHT and HARRY WARNER lined up with the Airies. Len Le Mon was choir-master and, as sometimes happens, couldn't get the singers to perform. Len was duly fined.

CHRISTMAS HAMPER ticket books are available today. Members will be given a book or books for sale around the traps before the Christmas draw. The empty Stocking will be in the Shed in November in the hope of being filled. Members and resident visitors are asked to make it a festive package. If there is nothing at home that seems suitable just slip the Treasurer a couple of dollars as the Club will be buying the leg ham etc., to make it a worthwhile prize.

STABLEFORD scoring is still a mystery to some players. It is a simple system - once it is explained. To hear The Simple explanation you need a golf card in your hand. Refrain from asking the Captain/Handicapper when he is issuing the cards in the morning. If in doubt merely record the number of strokes taken on each hole and enquire at the halfway mark or after the game, before the cards are handed in. Ask the guys wearing the "brown" badges - or, if you want the easy way, any of the members.

NEAREST THE PIN HOLES are 3rd, 13th, 18th and second shot on the 6th.

Good Golfing.....
