

LIZARDS

FLAT OUT LIKE

MAY 1984

WELCOME to Lizards PRESIDENT'S DAY. Marty Plim has kept the Committee on their toes for the past 11 months and is currently whipping them into a splaw footed arthritic jog leading up to the last couple of matches and the Annual General Meeting. If the next President is as energetic as Marty the new Committee will have to form a truss.

SHEEHAN/JENKIN DAY produced the following results:

Lizards	1st	Catch	42 points off 24
	2nd	Jack Gaudron	41 points off 23
Visitors	1st	Peter Callaghan	38 points off 29
Sheehan-Jenkin Trophy		Paul R. Hennessy	most putts
Putting		Noel Corley	27 putts
Nearest the Pin	4th	Billy T	
	10th	A. Skinner	
	18th	A. Skinner	
Second Shot	2nd	Noel Corley	
Bradman		Geoff Wotton	

BILL SHEEHAN welcomed the visitors - an odd occurrence as Bill doesn't usually attend the meeting. He is invariably rolling up electric leads and returning other Lizard hardware to the "repository". Rick Bateson was standing in for Marty and knowing it was Bill's Day thought it reasonable to call on him. When it was discovered that Bill was not within cooee there was a slight delay till the search party found him. He did a remarkable job at such short notice.

JACK GAUDRON, a prize winner, lined up with Geoff Wotton and Nifty Nev as one of the airies.

LEN LE MON had no success as conductor of the Aries choir so John Copeman took over, with the same degree of failure. It was Harry Thurston who eventually cajoled the reticent miss-hitters into a burst of song and put an end to the ceremony.

JOHN BATESON held the winning raffle ticket, however Jack Gaudron had purchased the prize from the Club some half hour before the draw. John was presented with \$10 and was just as happy as the audience was confused.

MARTY PLIM was working on the day but turned up at meeting time, with his good looking blond son Kieran, to see that everything was running on the smooth and narrow. He even tested the temperature of the beer. Since then he eloped with his wife to England and parts of Europe - whilst there it is rumoured that, on his way back, he blew everything, including his Lizards zac, on a meal for 2 at the most expensive eating house in Amsterdam. He should be trying to cure the jet-lag on the course today.

JOEL LEWIS, weighing in at about 3.5 kg, joined the world a couple of weeks ago at Paddington and went home a few days later with his parents Liz and Alan. Congratulations to Joel on his choice of relatives.

Paul H., Jnr.. will not be sweating into the hot steak sangers today. He is on his way to mountainous Hong Kong and Taiwan to conduct some business on the slopes.

DOUG DUNCAN, Country Member, Adelaide resident and imminent father-to-be has flown up from S.A., to hit off with us this morning. Sounds like a great escape.

THE BIG RAFFLE has been launched and is well on the way - the proceeds are earmarked for improvements and benefits within the Club. The effort we are putting in now will be appreciated by all associated with the Club within the next couple of months. The raffle with 24 doz. cans and 2 doz. quality wines at stake will be drawn at Avalon on Sunday 17th June, so pick up a book of tickets from Paul Hennessy and do your bit to make it a success.

THE CLUB CHAMPIONSHIP has only a couple of months to run. Current leaders are:

Nev Meredith	58 Points	Bill Sheehan	54 points
Noel Corley	57	David Gilchrist	53
Catch	56	Paul A. Hennessy	51

LINDENBERG TROPHY semi-finalists are:

Noel Corley	v	Jack Gaudron
Nev Meredith	v	Alan Lewis

LEN LE MON, holder of the Championship Cup, was kind enough to have it polished and the golfer on the top repaired. The silver-smith cum panel beater told Len not to lose it as the silver content was worth about \$250.

THE AGM and return of trophies will be given a mention at the meeting today.

NEAREST THE PIN HOLES are 3rd, 8th, 18th and second shot on the 14th.

Good Golfing....

Editor.
