

JULY 1984.

WELCOME to DAY 1 of the Lizards' 39th year and to our new President, Len Le Mon. Len conducted his first meeting at the Civic Club last Monday night and, apart from issuing the Committee with their homework, praised the organisers of the AGM and gave special mention to Gordon Donald for having all the trophies and monthly winner shields engraved at a record low price and Harry Thurston for the refurbishing job done on the Eclectic trophy. He wished a speedy recovery to all members and Country members on the sick list.

MANLY AMATEUR FISHERMANS ASSN. BASEBALL CLUB President, Peter Edmunds, has given his boys the day off to come out to Avalon and try their hand at golf. Club Captain, Chris Cartwright, has been to Lizards before and wore a cross between a tu-tu and a gladiator's skirt with 6 inch teeth around the hem. It gave the impression he was being swallowed head first by something out of Jaws 3. Some of the other members of the team are The Bear, No-hit Dave Rayner and Paul 'Septic'. Steve Purcell sounds as though he may be slightly more docile - some of his team mates say he couldn't hit anything even if he was armed with a club. The visitors will be bringing a brand new trophy called the K-2 Cup to mark the occasion of the Baseball vs. Lizards match.

LIZARD members John Copeman, Steve Rhodes and Andy Warner are joint members of the M.A.F.A.B.C, and from the magnanimous pit of their sweaty catchers gloves have come up with a dozen golf balls to supplement the list of prizes. Their Club, the other one, is providing the drinks for their junior members. The Fishballers sound like a well organised knowledgeable group. We should oil our rusty scales and tilt a little their way - even to the extent, should we LOSE, of inviting them again.

DONORS today are Bill Epps and Nev Meredith.

VISITOR Neil Shackle sold all the winning tickets apart from the one Ex-Vice President Rick Bateson sold himself.

RICK has been granted 4 months leave from the Club to further his new business venture but still found time to nip down to the Town Hall the other day to become naturalised. His dad, our esteemed Hon. Member John, beat him to the punch some time ago.

BRIAN KINDERMAN of Glenrose Fish Supply, Belrose, donated the bundle of fish pieces we enjoyed last month. Our thanks to Brian for his generosity and to Nev Meredith for talking him into it.

NEV MEREDITH, who had taken out the Bradman so often he got to keep the shield, has hit the front this year. He should be levelling out now with all that extra lead in his saddle bag.

CONGRATULATIONS to the winners, runners-up and the Captain, Handicappers and their Lizzsistant, particularly for the endless task of computing the Handicap Eclectic.

AGM REPORT: The July edition of FLAT OUT LIKEEs to include a run down on the pomp and ceremony associated with the Annual Meetings. As there was not an overabundance of either we might forego the paragraph on this occasion.

ANNUAL SUBS. were discussed by the Committee last Monday night and it was decided to retain the Members' annual subs. at \$10; the Country Members' Subs. at \$2 and to round off the cost of the monthly game to the nearest dollar, \$13. The extra cents to be spent on the Christmas Hamper. Some back-room boys are of the opinion that the move was to save old money-bags from carrying a litre of two-bobs out to the course on golf days.

LADIES NIGHT got a mention and looks like coming up in October - more details in the next edition.

JOHN COPEMAN has lost 2 strokes following his flash of brilliance around the course last month.

NEAREST THE PIN HOLES are 1st, 8th, 13th and second shot on the down hill 15th.

GOOD GOLFING.....
