

AUGUST 1984

WELCOME to Lizards and LE MON/SAILLARD DAY.

Since this duo were donors each year, Len has become President and Phil is on the temporarily incapacitated list. Len is making new membership, Ladies Night and the Christmas Raffle his first priority. Phil has a round of golf at Avalon at the top of his list.

Our Congratulations to President, Peter Edmunds, their Captain, Chris Cartwright, the players and even Paul "Septic". The impressive trophy has been engraved and in the T.L.C. of the Baseballers. The Lizards are sharpening their gums and hope to be given another crack at it next year.

JOHN COPEMAN, STEVE RHODES and ANDY HANDY provided additional trophies by way of a dozen golf balls which furthered the delight of the tin-arses that won them.

FINES, some on the day were:

Len Le Mon	- wearing corduroy slippers to conduct the meeting,
Caterers John Copeman & Steve Rhodes	- for providing fish pieces on a Fisho's Day,
Paul 'Septic'	- for suggesting Lizard pieces on the menu,

FINES (Continued)

- Lincoln McCatchley - not having any 3 putt greens and disturbing Lizards whilst turning over rocks in his geological profession,
- Greg Wilson - tiring of hitting the ball and throwing it around the course and,
- Steve Rhodes - showing bad taste by drinking with 4 of the winning team after the game.

BILLY T, our impressive typographer has come up with the 84/85 edition of the Lizards' fixture card. It's on sale today at the right price.

MARC MacMILLAN is working on a computer print-out to keep the complicated eclectic results up to date. The first emission from the IBM will be Wanged on the wall of the hut today.

MAL WATERS, a recent applicant for Country Membership, underwent a triple heart by-pass operation at M.D.H. on Monday. We wish you well, Muddy, and will have a quiet downer for you.

THE CHRISTMAS HAMPER raffle is almost off the drawing board. The President should have the printed books in his care later this month.

LADIES NIGHT is coming up in October - more details next month. Len is moving this occasion along with some well directed robust 1 wood shots.

APPLICANTS for Lizard membership, Tony Perriman and Michael O'Kane, will be presented to the members at the meeting this afternoon. Both were winners last month - Tony got the nearest the pin and Michael won the raffle. Good luck to Tony and Michael when they hit the scales at the meeting.

CHEF/CATERERS John and Steve have been granted the day off due to a baseball commitment after they deliver the food and equipment. However, thanks to the assistance of Andy Warner and the organisational ability of Paul the Elder, we will miss them immensely.

NEAREST THE PINS are 1st, 9th, 12th and second shot on the 18th.

Good golfing.....
