

LIZARDS

FLAT OUT LIKE

SEPTEMBER, 1985

WELCOME to PRINTER'S DAY and the first scent of Spring around the Course. Bill Townsend and Roy Malm, both ex Presidents have been the donors for the last decade. Billy T. organised today's trophy from his Gold Coast address. John Tilly, another Printer and ex. Pres., of even longer standing, is putting our new fixture card together.

THE LE MON/SAILLARD DAY produced the following results:

LIZARDS	1st	Ray Walsham	37 points off 24
	2nd	Geoff Wotton	35 points off 21
VISITORS	1st	Alistair Stroebel	45 points off 22
LE MON/SAILLARD TROPHY		Nev Meredith	3rd in Lizards
NEAREST THE PIN	1st	Len Le Mon	
	8th	Alistair Stroebel	
	17th	Dave Gilchrist	
Second Shot on	15th	Tony Della	
PUTTING		Geoff Wotton	23 putts
BRADMAN		Shaun O'Toole	15 points off 32

RAY WALSHAM and GEOFF WOTTON emerged from the missing players list to take out 1st and 2nd places as well as the putting. Had the Tote board been working they would have been at long odds - it was Geoff's first round at Avalon for 10 months.

ALISTAIR STROEBEL, one of Marty's little mates, skittled the visitors with an exuberant 45 points. President MacMillan had the winner double twice around the Hut, before issuing the prize, to Mark the hit and run event.

THE PLAYTIME and luncheon fare was al dente. Notwithstanding hamburgers, frankfurts, sausage rolls, ham, brawn, eggs, yards of salad, condiments etc., hard working Caterer-Chef, Nev Meredith, was fined for "no plates, no paper towels, no flowers and the wrong tablecloth."

CATERER-CHEF Alan Lewis had a hole burnt in his pocket money for hitting off with the penultimate foursome and returning to the Shed in time for a prepared late meal.

LEN LE MON was fined for displaying lack of trust in his fellow members and Life members - he hid the orange juice.

JACK GAUDRON went off for everything from the usual club throwing, finding fault with the President's score card, and putting his name on a 20 and under nearest the pin, to having a B.B.Q. for the express purpose of showing off his array of Lizard trophies.

TOBY WEBB came to an arse-jarring shuddering halt when his trusty vintage Rover suffered a 4 wheel brake seizure on Barrenjoey Road in sight of the 1st tee last Lizard's day. Bill Sheehan was first to assist. On straining his poof-foo valve he realised he couldn't carry the riven Rove to the side of the road single handed. Recruits were summoned from the constipation of motionless motorists and a lax set of Lizards. The car was kangarooed to the verge and left for the NRMA, whereupon the LeMon/Saillard event got underway.

CAPTAIN ANDY let slip some early scores in the Club Championship

George Bird	21	Jack Gaudron	17
