

LIZARDS

FLAT OUT LIKE

OCTOBER, 1985

WELCOME to CAPTAIN-HANDICAPPER'S and ASSISTANT'S DAY and the first burst of humid weather. Captain Andy is the younger of the Warner Bros., and if he was more handsome would be known as the good looking one. He has gone into the job with his ears back - for better manoeuvrability in the starter's box - and has dished out sufficient strokes to place the prizes within every players' grasp. Able Assistant George, an experienced backstop, doesn't miss much on the cards after the game.

PRINTERS DAY produced the following results;

LIZARDS	1st	Mark MacMillan	37 points off 18
	2nd	Ray Walsham	36 points off 22
VISITORS	1st	Bruce Manieri	30 points off 18
		on a countback	from Ken Bond
MALM/TOWNSEND TROPHY		Bill Epps	Best 1st 9
PUTTING		Paul Hennessy	on a count back from Bill Epps
NEAREST THE PIN	1st	Len Le Mon	
	5th	Steve Rhodes	
	12th	Andy Warner	
	13th	Jack Gaudron	
BRADMAN		Steve Wylde	20 points off 36
RAFFLE		Noel Corley	

VICE-PRESIDENT HARRY WARNER welcomed the visitors - Shaun O'Toole, winner of a free pint in August, responded through an interpreter.

RAY WALSHAM, winner in August off 24 and second last month off 22 has been trimmed to 20.

STEVE RHODES, on the two stroke nearest the pin 5th, took out the prize with a smashing 240m tee shot that rolled just past the cup.

THE FATHER AND SON DAY trophy was presented to Toby Webb and Grandson partner David for their recent win.

APPLICATIONS for membership by Ken Bond and Tony Della were eventually shuffled to the top of the President's too hard basket and were submitted to the nutating members. Some showed a modicum of interest until the aspirants were caused to read their poetic petitions whereupon the dozing assembly burst into life and headed for the scrub. By the time they returned to the Shed, Ken and Tony had been invested as Lizards so they joined the new members in a downer. Congratulations and Welcome to the Club gentlemen.

SINGLE FIGURE handicaps in the Club had become a thing of the past until Ken Bond came along - he will be playing off 9 today.

TONY DELLA was fined for practice putting on the 2nd green and wearing socks supplied by Len Le Mon. Tony will be teeing off with a handicap of 13.

PAT PURCELL elicited some sympathy from a group of players, who are on their second time around the clock, by telling them of one of his countrymen destined for the Galway Bay Memorial Hospital to undergo a hernia transplant.

MARK MacMILLAN won a lottery ticket from the Captain-Handicapper last month and lost 2 strokes. Other variations:

George Bird	-1	Noel Corley	+1
Rick Bateson	+1	Harry Warner	+1
John Copeman	+1	Toby Webb	+1

THE CHRISTMAS HAMPER will be drawn at the December meeting - leaves only November and December to bring a donation of consumable Christmas fare for the stocking - not too many baked beans, tins of time expired beetroot, packets of Rinso or other relics from the cook's archive. Save the hassle of making a choice and hand the Treasurer a few dollars to go toward the ham and other combustables which will be purchased a few days before the event.

ALAN LEWIS, with a bit of effort and considerable help from others, has the Vole Board in going condition - it should be an display today. You may place bets on any or all of the field. A couple of bob on Noel Corley wouldn't go astray.

NEAREST THE PINE are;

2nd Second shot for 20 and over n'cps.
6th Second shot for 19 and under n'cps
10th All players
17th All players
