

LIZARDS

FLAT OUT LIKE

FEBRUARY, 1986

WELCOME to FOUNDATION/LIFE MEMBERS DAY. The Club was founded 40 years ago in the Steyne "Cellarette" by Leon List, Mine Host of the Hotel, and a small band of local enthusiasts. Leon, known colloquially as The Lizard, was the first president and later became the first life member. Life Membership has been bestowed subsequently on Col McClelland, Lance Try, Bill Sheehan, George Russell, Gordon Donald and Paul A. Hennessy. — and Leon List

THE CONSTITUTION states that

an Annual Golf Day shall be held as a Memorial Day in honour of the Club's Life Member and Founder and the Memorial Trophy shall have the winning Member's name for each month engraved thereon.

This has been done and the Memorial Shield is kept on the wall of the Civic Club. It would be interesting to sift through the hall of fame and come up with the Club's most consistent winner.

HILTON-WATERS DAY, a 3 club event, produced the following results:-

LIZARDS	1st	Andy Warner	40 points off 18
	2nd	Pat Purcell	39 points off 27
VISITORS	1st	Murray Westwood	41 points off 23
	2nd	Brendon Redmond	41 points off 27
MUDDY WATERS TROPHY		Harry Warner	38 points off 26
		on a count back from Harry Thurston

	13th	Andy Warner	
Second shot on		2nd	Mark MacMillan
PUTTING		Bill Epps	one putt
BRADMAN		Chris Warner	23 points off 36
RAFFLE		Tony Della	Bottle of Scotch.

THE WARNER BROS., produced and directed the day with a view to impressing visiting brother Chris, on the occasion of his initial attempt at golf. They set him up with shoes, buggy, handicap and a choice from a stack of clubs which, unbeknown to Chris, had been deemed useless for a 3 club event then led him onto the course and demonstrated how to win the trophies.

They explained the conventional rule of personal behaviour in polite society which permits members to win the raffle.

TONY DELLA was admitted to hospital a few days after his good fortune to have his gall-bladder discarded. He is up and about again and should be back at Avalon next month.

RAY WALSHAM, mentioned in F.O.L. last month for his dexterity and light-footedness around the course, came to an arse-jarring shuddering halt at the Balgowlah 9 holer a couple of weeks ago. He clipped an iron shot into a shallow creek, saw the ball, jumped in and sprained both ankles.

DAVID GILCHRIST hit a near perfect tee shot on the 18th. It came to rest inches from the pin. John Copeman, observing from the green, rolled the ball from the putting surface and with equal skill drove it back to the tee. John was fined for this indiscretion as well as for throwing a club on the 1st, mouthing off on the 4th, wearing a "Goofey" cap and, whilst at the Manly-Warringah Leagues Club recently, auditioning for Rocky 6.

NAN, The Warner matriarch, made the draw for the Lindenberg Trophy in her sewing room last week. Any complaints should be made personally on Ladies Night - Harry and Andy have disclaimed any responsibility. The competition starts today.

ANDY has come up with the following progress scores:

CLUB C'SHIP		ECLECTIC			
P.R. Hennessy	59	Scratch		Handicap	
A. Warner	56	A. Warner	56	A. Warner	38
M. Plim	50	A. Lewis	57	M. O'Kane	42.5
P. Purcell	50	N. Corley	60	P. Purcell	42.5
N. Meredith	49	M. Plim	60	M. MacMillan	44.0

PAT PURCELL and HARRY THURSTON who tried to do a Paramount on the Warner Bros., set last month were zapped a stroke each for their trouble.

LADIES NIGHT is off the drawing board and onto the calendar - Sat., 5th April at the Civic Club. No mention yet of menu, price or even the weather. The current raffle will be drawn on the night.

DRINKING on the tees, fairways, greens, in the rough and anywhere other than the confines of the Shed area took a thrashing at last Monday's gathering of the boffins.

(Yes Girls - some of your fathers, sons, sons-in-law and star boarders do pull their buggies around the course with a tinnie clutched in the disengaged hand, brushing off the flies with an occasional burst of froth, belshing and putting. The public - the other people who pay to play at Avalon are suitably impressed - 2% think of us as heros, the new breed and uppercrust of national slovenliness)

They decided that the habit, unique as it may be, should be frowned upon. Displaying unaccustomed wisdom they were of the opinion that the problem would not disappear up its own ring-pull overnight - they envisaged feet shuffling, twitching, groupie discussion and eventual hollow oration on the need for lack of self discipline. With all this in mind they expect the incidence of drinking on the course will eventually grind to a halt.

NEAREST THE TINS are

	1st and 18th	All Players
Second shot on	3rd	20 and overs
Second shot on	7th	19 and unders

Good golfing.....
