

LIZARDS

FLAT OUT LIKE

APRIL, 1986

WELCOME to BILL SHEEHAN L.M. Day. Bill was President in 1965, has been Baggage Man since the year dot and took on the added duties of Plant Engineer when Lance Try L.M., retired from the golfing scene. Becoming a Life Member in the 70's made no difference to Bill's unending quest for a hernia whilst working for his fellow members. Hats off to our longest serving and possibly hardest working Lizard.

THE DONORLESS Match last month produced the following results:

LIZARDS	1st	Geoff Wotton	42 points off 24
		Andy Warner	41 points off 17
VISITORS	1st	Bill Smith	48 points off 36
		Gosbie Burns	47 points off 42
PUTTING		Geoff Wotton	26 putts
NEAREST THE PIN	1st	Catch	
	1st	David Gilchrist	
	18th	Ken Minehan	
Second shot on	11th	Steve Rhodes	
BRADMAN		Graham Berry	22 points off 42
RAFFLE		Harry Thurston	

GORDON DONALD L.M., stepped in, on the day, to fill the unusual vacancy caused by the Secretary/Treasurer who was reported to have been out tarting about. The first 10 starters proffered \$20 notes which did nothing for either his change jar or easy going temperament.

FINES, some of the printable were:

President	Cutting tomatoes with the butter knife and buttering bread with the vegetable knife,
Catch	Knocking the Handicappers hat off when told of a 2 stroke reduction; Opening a stubbie with the table cloth and Hitting off from the ladies tee on the 9th.
Bill Epps	Spelling the Civic Club President's name incorrectly; Drinking K.B. when the Baggage man had provided Toohey's Old at his request, and Playing with a whimp who hits off from ladies tees.

FINES (Continued)

Steve Rhodes Using an apron, containing a cock, to wipe up spilt beer.

Len Le Mon Miscalculating the change from daylight saving and attempting to pick up the Batesons for golf at 4.30 am.

John Copeman Spitting out his dummy and doing an impersonation of Warragamba Dam when beaten by a couple of teenagers in the Cricket Championship.

PHILL SAILLARD is on the improve, out of Concord and back in his proper digs at the Narrabeen War Vets.

BILL SHEEHAN and HARRY WARNER are a bit limp about the legs as a result of crashing from their respective ladders. Harry is new to the experience whereas Bill needs only one more trip to the deck to be declared an habitual.

JOHN COPEMAN broke his leg a week ago - how, we don't know - but since then was involved in a hotly disputed altercation wrangle and was knocked off his crutches. John, please try to be more selective in choosing your adversaries.

LADIES NIGHT was well attended, Pat Sheehan responded on behalf of the ladies, the President's lady, Wendy, did a FUR ELISE on the Grand piano, Len Le Mon was accompanied by Linda Howard of Ducks on the Pond fame and Rick Bateson looked at home with a dozen of his paintings adorning the walls of the Lizard dining area. A good night was had by all.

THE CAPTAIN-HANDICAPPER has made available the following snippets;
