

LIZARDS

FLAT OUT LIKE

JULY, 1986

WELCOME to President HARRY WARNER and his "new" Committee. The Pres., has promised unadulterated Lizard weather on each of the 3rd Sundays during his reign - which will take us into our 41st year. In his private life Harry is putting the finishing touches to the mote around his castle by way of a draw bridge with gate and is enrolling Andy in a domestic science course with a view to majoring in, as the census form described it, hamburger engineer. Neither of these private affairs will affect us as the short-order course takes 12 months and we have been warnered of the water hazard should we be summoned to the manse.

THE CLUB FIXTURE CARD which should hit the streets before September will advise that the July meeting is EPPS/MEREDITH DAY. Should these benevolent members have crystal balls they will remember to bring their trophy and, hopefully, to protect their family jewels on these malevolent mornings.

VICE PRESIDENT'S DAY, Harry's last fling before stepping into the abrasive limelight, produced the following results:

LIZARDS	1st	Harry Thurston	40 points off 25
	2nd	Ray Walsham	39 points off 21

PAUL HENNESSY won the V.P. Trophy on a count back from Harry Warner. CHRIS WARNER picked up a bonus $\frac{1}{2}$ doz golf balls for his win in the Bradman competition. The balls were donated for the event by Pat Purcell.

ATTENDANCE on the day was 23 members, 1 country member and 10 visitors.

THE ANNUAL GENERAL MEETING, held at the Civic Club on Monday, 7th July - by virtue of a Rotary function causing the chef de cuisine to be on deck and at his usual best - was conducted by President Mark MacMillan. All the usual reports were proffered, shredded and accepted. The financial statement showed an increasing annual turnover - now in excess of \$7000.

The Captain Handicapper's report was the best piece of documentation ever presented at a Lizard meeting. It was as explicit as the dossier we will be hit with at the Pearly Gates. Congratulations to our Captain Andy Warner and his assistant George Bird. Mark MacMillan's statistical machinery must have saved them a bundle of man hours over the 12 months.

Jock Ross and Dave Treharne dropped in from the other function at the Club. As it was Dave's 71st birthday he was given the job of presenting the trophies:

Mark's first duty as Immediate Past President was to invest the new owner with the LIZARD. Harry thanked the Past President for his hard work during the year and mentioned what good fellows the outgoing committee were. He made a rash of promises, including manipulating the weather, and closed the meeting.

MICHAEL O'KANE, absent from the June game as a result of impending parenthood, is now the father of a son and heir - so he should be back on the course again. More information concerning the birth when it comes to hand.

ODD STATISTICS gleaned from the Captain's annual report: Paul Hennessy Snr., had the highest Stableford average over the 12 months and won only one monthly prize. He recorded the worst scratch eclectic result.

Mark MacMillan, Bill Sheehan and Andy Warner were the only members to play every month.

Gordon Donald attended every match and played once.

Andy Warner won most nearest the pin prizes - 6; Mark MacMillan was second with 4.

John Bateson scored 36 championship points without hitting the ball.

Harry Thurston topped the monthly medalists with three wins.

Alan Lewis and Nev Meredith each won two donor's trophies.

THE PRESIDENT has decreed that the Monday night Committee meetings, held at the Civic Club, will commence at 7.30pm sharp.

NEAREST THE PIN HOLES are 4th, 8th, 10th and 18th for all players.

Good Golfing.....
