

AUGUST 1986

WELCOME to Lizards - without the guiding hand of President Harry Warner. Harry suffered a heart attack last week, has been through the intensive care bit and is well on the way to recovery in the Manly District Hospital. He is reported to be happy, smiling, receiving visitors but not quite up to 18 holes of golf this month. The Get Well card under the Lizard is for your autograph - Vice Pres., Pat Purcell will send it off to Harry on his way home. Keep your chin up lad, we miss you.

LE MON - SAILLARD DAY has surfaced again. Phil is still on the sick list but the indefatigable Len will be on hand to present their annual trophy.

EPPS - MEREDITH DAY produced the following results:

LIZARDS 1st	Toby Webb	45 points off 29
2nd	Ray Walsham	39 points off 20
VISITORS 1st	Sam Furlani	35 points off 9
EPPS - MEREDITH TROPHY	Tony Perriman	39 points off 35
NEAREST THE PIN 4th	A. Skinner	
8th	Andy Warner	
10th	Ken Bond	
18th	Tony Della	
PUTTING	Andy Warner	28 putts
BRADMAN	Harry Thurston	23 points off 23
ATTENDANCE	22 Lizards and 6 visitors	
WEATHER	Fine and clear, 5 - 10 knot S.E. breeze	

MEGA-VETERAN Toby Webb had a brilliant round to win the day. He kept the 3 pointers rolling in by averaging 1.7 putts per hole. Congratulations Toby - the stripes have slashed 2 strokes from your handicap in memory of the occasion.

STYLISH GOLFER and regular visitor Sam Furlani must have carded half a dozen one putt greens in his quest for the visitors' trophy. Watching Sam, who plays off 9, stroke a ball off the tee or anywhere through the green is as beneficial to your game as spending ½ hour with the pro. If Royal Avalon is where it happens, all we can say is "Play it again Sam".

ANDY WARNER, playing off the self inflicted handicap of 7, did not put a foot wrong. He won the putting with 1.5 putts per hole, was nearest the pin on the 8th and finished with one point in

excess of Bradman. The new handicapper, in a fit of humanity rather than over exuberance, has issued him with 4 extra strokes. If Andy has a good round today he should come in with 30 - 31 points. Lets see how he goes.

M.C.C. Members and some of the Lizards travelled in comfort last month by availing themselves of the 20 seater "CIVIC CLUB BUS" arranged by M.C.C. Pres. Richard Pierce. The bus, complete with trailer for golf gear, leaves the Civic Club at 7.45 am., makes a couple of pick-ups along the way and arrives at the Course around 8.30. You will see it pull up this morning: ask the carefree passengers how to arrange a berth. With a few more starters it could be cheaper than driving your own car, more congenial and a lot safer. For those who desire, clubs and buggies may be left in the Civic Club change room on the ground floor the day before the game.

JOHN COPEMAN is said to have done a Cinderella on a wobbly walking-stick waving warrior when he tried to fit him with a glass truck in the Leagues Club car park last Friday evening.

THE CHRISTMAS HAMPER tickets should be available for distribution at the September game. The Secty/Treasurer is refurbishing the Stocking in anticipation of the first influx of members donations.

PAUL HENNESSY Jnr. has lobbed back from Hong Kong via Perth and Adelaide and is keen to shake the dust from his clubs.

Bill and BETTE EPPS are off this Thursday to the U.K. and Europe for a couple of months. He has requested copies of F.O.L. to be saved for his records.

CAPTAIN=HANDICAPPER Mark MacMillan has come up with the following handicap adjustments:

Dave Gilchrist	+ 1	Tony Perriman	- 1
Alan Lewis	+ 1	Harry Warner	- 1
Mark MacMillan	+ 1	Ray Walsham	- 2
Harry Thurston	+ 1	Toby Webb	- 2
Andy Warner	+ 4		

NEAREST THE PINS are:

	4th	All players
	17th	All players
Second shot on	11th	Players with handicap less than 18
Second shot on	12th	Players with handicap greater than 17.

Good golfing

Bill Epps.
Editor.
