

LIZARDS

FLAT OUT LIKE

Welcome to the PRINTER'S|Malm - Townsend Day and the time of the year that a man's thoughts turn to

It seems that the Club has gone through yet another printer. John Tilly has sold up shop but hopefully the new proprietor can come good with the new fixture cards.

The MALM|TOWNSEND trophy will again be up for grabs. Last year's winner Bill Epps is at long odds to retain his title - he is currently holidaying O|S.

The Le Mon|Saillard Day produced the following results :

Donor's Trophy : Jack Gaudron 40 Points off 26 Handicap (Third in Lizards)

First Lizards : Ray Walsham 43 Points off 18 Handicap

Second Lizards : Pat Purcell 40 Points off 33 Handicap (on a countback)

First Visitors : Greg Brown 44 Points off 36 Handicap

*Nearest the Pins - 4th : Sam Furlani 17th : Paul R Hennessy
2nd on 11th : A Skinner 2nd on 12th : John Copeman*

Bradman : Andy Warner 19 Points off 11 Handicap

Putting : Ray Walsham 25 Putts

RAY WALSHAM hit his straps again (he won the JULY event and the same event last year). He also incurred the wrath of the stewards - the reduction in his handicap was the same as last year !

JACK GAUDRON must have thought that he LOST the Donor's Trophy when Pearly Shells presented with a cap and socks of doubtful origin.

PRESIDENT HARRY WARNER will again not be under starter's orders due to his laid back position. Hopefully VICE PRESIDENT PAT PURCELL will find the LIZARD which he very expertly lost last month while standing in for the PRES. Rumour has it that the LIZARD is keeping a short baseball player company - there is no accounting for taste.

C.M. GEORGE BIRD is also in Manly District Hospital and in the same room as HARRY WARNER. When you visit them, don't do a Pearly Shells on them. Apparently the LEMON was walking around the ward, knocking over drips, demanding the production of Lizards from our members in their sick beds and generally being a pain in the arse.

CAPTAIN/HANDICAPPER MARK MAC was a late scratching last month due to an injury sustained whilst skiing. He was however on hand to perform his duties despite the forgetfulness of his ASSISTANT (see fines below). This scribe also believes that MAC will not be wielding the wedge this month due to another hard week in the snow (and a crook knee).

Will the ASSISTANT CATERER/CHEF NIFTY be fined again this month for not bringing the paddle ?? If he does remember, IPP and C/H extraordinaire will be on hand to present it.

Some of the more dubious fines from the last meeting were :

RAY WALSHAM : 5 pars in a row

DAVE GILCHRIST : dribbled over Peter Grimes' dog GUS

ANDY WARNER : Tried to use the SEC/TREASURER's pen as a breadknife

ALAN LEWIS : had 69 putts

JOHN COPEMAN : went ape and threw a club up a tree

DAVE GILCHRIST : Forgot that he was the ASSISTANT C/H

Remember that if you win or lose a lottery ticket, see the C/H who will take your money and arrange a ticket for you. RAY WALSHAM and CHESTY BOND'S group availed themselves of this facility last month and hopefully will come up with a winner.
