

LIZARDS

FLAT OUT LIKE

WELCOME to the FOUNDATION and LIFE MEMBER'S DAY.

The Lizards' Constitution states :

"An Annual golf day shall be held as a Memorial Day in honour of the Club's Life Member and Founder, the late LEON LIST, and the Memorial Trophy provided shall have the winning member's name for each month engraved thereon."

The Lizards kicked off in 1946 and the Memorial Trophy is the massive Shield hanging over the bar in the Civic Club. DON GOOZEE, long term Member and current Country Member usually turns up on Foundation Day and donates an extra trophy.

The HILTON-WALTERS DAY, a three club event, produced the following results :

First Lizards	: Bill Sheehan	40 Points off 25 Handicap (countback)
Second Lizards	: Pat Purcell	40 Points off 31 Handicap
First Visitors	: Garry Bird	40 Points off 28 Handicap
Donors' Trophy	: Alan Lewis	38 Points off 10 Handicap (3rd Lizards)

DONORS Ray Hilton and Muddy Waters were unable to attend, BUT, from out behind the flame tree that provides launching ramps for the loose bowelled parrakeets stepped Peter Grimes, looking more like Tonto than the Lone Ranger, and said "I will present a Donor's Trophy" - and he did !! Just goes to show that you can't judge a book too closely just because it has dog ears.

HENRI VENTURINI, who was 50% of the visitors, responded to the Lizards and was kept on the dais to accept the Bradman pint downer, having scored 28 points. In the days of Capt/H'capper - rip strokes off'em - Royle Jenkin, 28 points would have won the day. Henri had no trouble putting the liquid through the venturi.

THE OTHER VISITOR, and Trophy winner, *GARRY BIRD*, was presented to the meeting for Membership. Having the facade of a clean cut young man he was duly accepted and then sent three times around the Shed, given a hard boiled egg to ingest plus a pint to wash it down - by way of some previously unknown ceremonial rite. Ex-President *Len Le Mon*, watching from a discreet distance, mused "Well, I won't be joining again".

Welcome to the Club Garry.

ANDY WARNER surpassed his October effort in the *Cordon Bleu* department with another *WEBER* roast. It was elbow licking food.

PRESIDENT HARRY WARNER, gave special mention to *Mary Thurston* for the custom built Christmas Cake enjoyed by the players lucky enough to be at the December Golf Day.

PETER GRIMES was fined for being driven to golf in a Mercedes, and kissing the chauffeur.

LIFER GORDON DONALD was fined for confusing the raw and hard boiled eggs whilst assisting in the galley.

ANDY was accused of paying a fine with a bottle top. He stated that he would cover the cost of any such indiscretion. The fine tin was duly opened, and the audit of its contents disclosed no fewer than five counterfeit objects.

The *CAPTAIN/HANDICAPPER* announced the following handicap adjustments :

Plus 1	- David Gilchrist
	- Nev Meredith
Minus 2	- Bill Sheehan
	- Pat Purcell
Minus 1	- Bill Epps

Nearest the pins are the 1st, 4th, 18th and the second shot on the 15th.

Good Golfing and the best of luck to all players in the first round of the Lindenderg knock-out Competition.
