

LIZARDS

FLAT OUT LIKE

April 1987

WELCOME to SHEEHAN DAY. Bill Sheehan, all time record holder for attendance on Lizard golf days and currently our only playing Life Member, is still F.O.L. undertaking the duties of Plant Engineer, Baggage Man and Assistant Baggage Man. To make the transportation of the Club accoutrements less arduous he pensioned off his moulting Falcon and acquired a racing green one tonner shaped like an LTD. One of the few occasions we can give him a hand is when the furniture is being moved between the Club House and the Shed and also by putting our discarded plates, bottles, cans, cigarette packets and raffle tickets in the drum; otherwise Bill does an emu around the the area at the end of the day to give future users of the shed the impression that we are a tidy bunch. Good on you Will - we will vote you in again next year.

HENNESSY DAY attracted 20 members and four visitors and produced the following results :

First Lizards	: Peter Grimes	43 Points off 24 Handicap
Second Lizards	: Gary Bird	40 Points off 26 Handicap
First Visitors	: Alan Davies	50 Points off 36 Handicap
Donors' Trophy	: Harry Warner	39 Points off 26 Handicap (3rd Lizards)
Special Jack Gaudron Trophy	: Ken Bond	38 Points off 7 Handicap (4th Lizards)
Nearest the Pins -		
8th :	Mark MacMillan	9th : Mark MacMillan
13th :	Alan Davies	2nd on 11th : Andy Warner
Putting	: Dave Gilchrist	28 Putts
Bradman	: Jack Gaudron	18 Points off 23 Handicap

PETER GRIMES, winner of the last 2 games, toted up 87 points over the 36 holes. It's not all that difficult if you par the first 10 holes and birdied the rest - on both occasions. The Handicapper was reported to be considering alterations to the Course lay-out and/or applying GTX to all his grips - a droll outlook. Congratulations Peter, keep up the good work.

ALAN DAVIES, top scoring visitor, must have birdied 14 holes before settling down to par the last four. The Lizards take pride in fostering more spectacular golf than is seen on TV. Greg Norman - 6 birdies and 12 pars - poof!

JACK GAUDRON, phantom donor on the day, had second thoughts and in an earnest endeavour to regain the prize scored 18 points. He was given a complementary downer for not beating any other player.

FINES, a few of them were :

- Warren Stewart - proceeding to the Course one hour early, regardless of the other residents of NSW having reverted to E.S.T.
- Neil Shackle - having a female persons knickers tied to the side of his buggy in a scalp like display.
- Harry Thusrton - wearing his wife Mary's name tag to golf.

AIRIES included Nev Meredith, Peter Grimes and Mark MacMillan. Musical Director for the day was EMI's David Gilchrist. On raising the baton to the start singing position he was greeted with silence. Andy Warner filled in for the choir with a solo from the second row of spectators which thankfully cleared the stage.

GREEN FEES at Avalon, in conformity with other courses between here and Manilla, will be increased by a couple of dollars. This escalation will be as traumatic to the Lizard financiers as would be a stray canary appearing in their goldfish cage.

After careful consideration the CAPTAIN/HANDICAPPER determined the following handicap adjustments :

- Minus 3 - Peter Grimes
- Minus 2 - Gary Bird
- Minus 1 - Mark MacMillan
- Harry Warner
- Plus 1 - Jack Gaudron
- Marty Plim

The quarter-final of the LINDENBERG Knockout tournament will have the following members vying for a semi-final berth :-

Garry Bird
Peter Grimes

~~Nev Meredith~~
Harry Warner

Andy Warner
Ken Bond

Nearest the pins are the 1st, 8th, 12th and the second shot on the 11th.

LOTTERY TICKETS will be available in the shed after the game.

Good Golfing
