AIRIES included PRES., Pat Purcell, Bill Sheehan L.M., Andy Warner, Dave Gilchrist, Catch, Jim Small AND Nifty. With so many well worn faces in the choir they managed to come up with the correct tune, for the first time this year.

BILL SHEEHAN L.M. had his airie whilst putting ! It must have been a robust attempt to hit the ball as he was admitted to "Delmar" soon after for a hernia operation - the hospital set him loose in record time following the event. Bill has no truck with institutions for the infirm, visitors offering second hand trusses, the wearing of plastic meat tickets around your wrist, rectal dip sticks or persons sporting upside down watches or having stethoscope tubes hanging from their ears. The patient in the next room, during his stay, was one of the nursing staff - the Sister. She had a broken arm, and yes, the injury was sustained during Bill's incarceration. He is well on the way to being able to move the Lizard's furniture again - but not this month.

BILL EPPS L.M. won the day, was second last month and equal second the previous month. He must have something on the Handicapper that could cause the Flat Out Like to be X rated.

THE GRIZZ and JIM SMALL slurped up the visitor's trophies in their last fling before becoming Lizard backbenchers. Both aspirants read their applications for membership to an empty paddock, the bemused members cringing behind any available cover. The President, however, was attuned more to their wealth, rather than any moral values, and had them signed up doing embryonic Lizard tricks, such as calling him Sir, before the voting masses slowly retraced their haste from the scrub. Our congratulations to both new members.

FINES, some of them were :-

Geoff Warren	: being in doubt during the floods, that it would be fine on Lizards day
Stu Barlow	: carrying his clubs in a lizard's skin golf bag
Caterers Garry Bird and Peter Grimes	: providing tomato sauce in a brown container and brown sauce in a red container
Garry Bird	: losing \$50 on the course and having it returned by another player

DRAWING of the Hamper will cause the usual nervous twitching among the viewing members and visitors as Santa's hand dips into the "barrel" to select the winner - will it be another windfall for a President or ex Pres., or will the law of averages step in and spread the wealth? The best of luck to all ticket holders.

A CHRISTMAS cherio to one of our ace players, KEN BOND, who injured himself at Warringah Golf Course a few weeks ago. We hope to see him back at Avalon as soon as he can get his limp together.

In a fit of Yuletide generosity, the CAPTAIN/HANDICAPPER has left the following Christmas goodies on deserving Members' cards :-

Minus 1	- Bill Epps L.M.
	- Peter Grimes
	- Tony Della
	- Bill Sheehan L.M.
	- Harry Warner
Plus 1	- Pat Purcell
