

LIZARDS

FLAT OUT LIKE

WELCOME to the Foundation/Life Members' Day when our thoughts turn to Leon List, who founded the Club in 1946, and to the Life Members Lance Try, Col McClelland, George Russell (dec'd), Bill Sheehan, Gordon Donald, Paul Hennessy Snr and Bill Epps.

The GRIMES/BIRD DAY, in January, was an historic occasion. The Royal Avalon, due to an anonymous tropical cyclone, was closed for play. A similar situation occurred in the Dreamtime, when the venue was Palm Beach. Official notification of the course being closed on that day had not seeped through but the members voted to remain in the safety of "Aunty's" cottage. Aunty was a golf course neighbour and Lizards were known to sip and sup on the premises on the third Sunday. Tom Beer however, decided to keep up with tradition and within 3 paces had disappeared into the deluge to play 9 holes and claim the trophy. A true Lizard - a year or so later he was elected as the Club's 15th President.

Nearest the pins are the 17th and 18th holes for all players.

There will be two longest drives : 6th hole for players with handicaps of under 20 and the 5th hole for players with handicaps 20 and over.

LOTTERY TICKETS will be available in the shed after the game.

Good Golfing
