

FLAT OUT LIKE

November 1988

Welcome to the DAWSON CARROLL Special Event. The surprised few who actually read their fixture cards will realise that this occasion has been brought forward a month. The Alan Lewis day is now to be the December/Christmas meeting. This transposition by the Committee was brought about by the availability/unavailability of personnel and definitely influenced by the Greenhouse Effect. The Captain/Handicapper advises that the special event is three clubs of your own choice.

BILL SHEEHAN L.M., by being in hospital last month, caused the greatest schmozzle at Lizards since he presented us with a frozen keg in 1970. He is out of bed now and hopefully capable of doing all those things that nine men and Jessie, the cattle dog, couldn't handle. We need you Will, so keep a weather eye on your health.

THE MAC MILLAN/THURSTON DAY produced the following results:

First Lizards	Bill Epps. L.M.	42 Points off 15 Handicap
Second Lizards	Pat Purcell	38 Points off 28 Handicap
First Visitors	Greg Brown	37 Points off 32 Handicap

Scratch Score	Bill Epps	27 Points
Putting	Dave Gilchrist	29 Putts
Longest Drive	Andy Warner	
Nearest the Pins:	Second Shot on 6th	
	- 20 and over	Harry Warner
	Second Shot on 11th	
	- under 20	Mark Mac Millan
	16th	The Grizz
Bradman	Wal Hill	29 Points off 42 Handicap
Raffle	Nev Meredith	

THE CLUB CAPTAIN, out of the blue, arranged the publication of the Lizards' results in the sporting pages of the Daily Mirror; and there, on Tuesday, 18th October under GOLF - if you waded beyond the Texas Open in San Antonio, the NSW Open at Concord, the Womens' Amateur C'Ship at the Australian, the Trainee Professionals at Windsor and eventually the Rooty Hill RSL at Richmond, the Lizards at Avalon appeared in black and ink. News wise we are rubbing shoulders with Corey Pavin, Tom Kite, Ben Crenshaw, Vicki Jellis, Greg Norman and from Rooty Hill, H. Kujawlak. An historic event - after 42 years we have come of age on the national and international golf scene!

BILL EPPS, who mentioned in vitriolic terms "the inflated but fashionable 40 points" in the September issue of F.O.L. has, indelibly, defecated his ivory tower with 42 points. As Ned Kelly said, just before they slipped the bolt "Such is life."

PAT PURCELL I.P.P., (which puts him in the same class as Ronald Reagan) ran second in June with 40 Points off 30 and was at it again last month. Pat is not cut out to be a bridesmaid, but could be a good each way bet today.

WAL HILL has accepted more free pints than the Red Cross in his quest to be Bradman. His healthy score of 29 points is possibly the highest ever to win the downer - including the player who accepted 1st prize for visitors as well as the Bradman, on the occasion of being the only visitor.

FINES, some of them were:

Len Le Mon	Losing his buggy, high up a tree, before the game started;
Gordon Donald L.M.	Placing the hot dogs, wrong side up, in the boiler;
John O'Meara	Not wearing sox on the course;
Pat Purcell	Not advising John of the "sox to be worn" rule;
Harry Warner	Forgoing Lizards to play bowls last month;
Jim Small	Not talking on 2 greens while Pat Pat Purcell was putting;
Garry Bird	Appearing in the Norman Ross Gardening Catalogue without consent of the Lizards Committee.
Wal Hill	Scoring 5 points on the 16th, and endangering the lives of fellow players by using a buggy with smooth tyres and faulty suspension; and
Nifty	Joining the white shoe brigade but failing to be mentioned in the Fitzgerald Inquiry.

CATERER Harry Thurston was awarded a refund of previous fines for serving the red and black sauces in the correct dispensers.

THE CHRISTMAS HAMPER, to be raffled for charity in December, looks as though it crawled out of the Simpson Desert and in need of nourishment. The Treasurer will

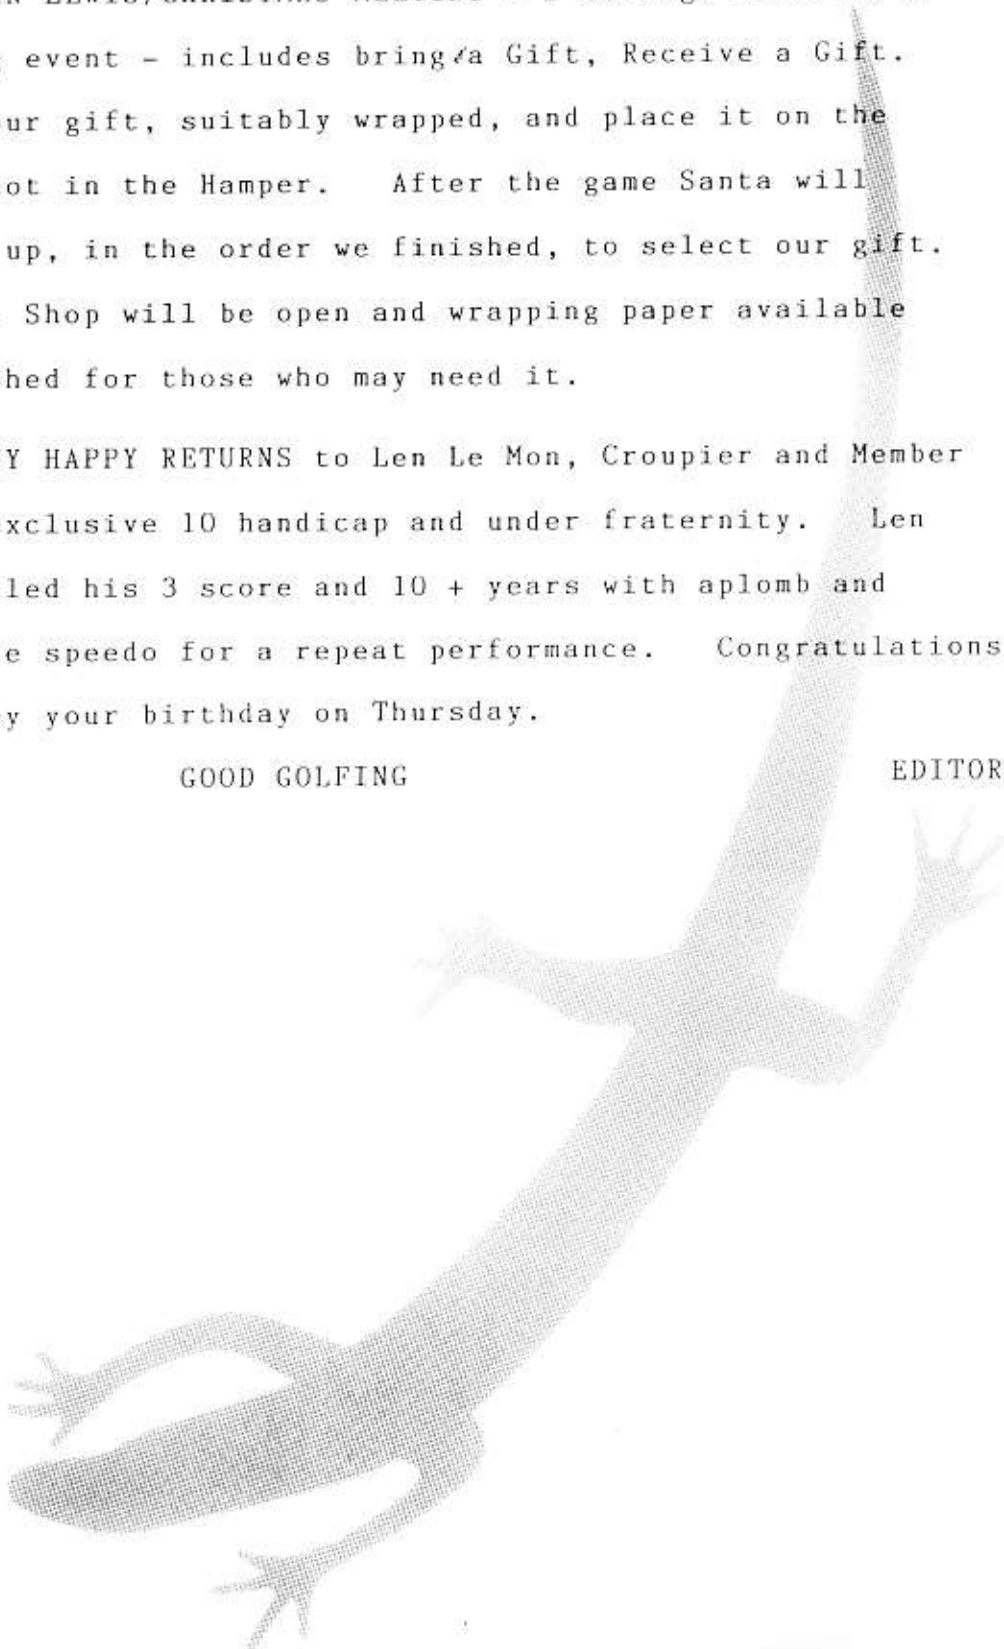

be providing a ham and other gut wadding on the day. We could slip him a couple of dollars to help fill his shopping trolley and still have the opportunity to bring a bottle of wine and can of goldfish next month. Have a shoofie in your whippy and see whether you could put a smile on some waifs' face.

ALAN LEWIS/CHRISTMAS MEETING - a strange name for a sporting event - includes bring/a Gift, Receive a Gift. Bring your gift, suitably wrapped, and place it on the heap - not in the Hamper. After the game Santa will call us up, in the order we finished, to select our gift. The Pro. Shop will be open and wrapping paper available in the Shed for those who may need it.

MANY HAPPY RETURNS to Len Le Mon, Croupier and Member of the exclusive 10 handicap and under fraternity. Len has handled his 3 score and 10 + years with aplomb and reset the speedo for a repeat performance. Congratulations and enjoy your birthday on Thursday.

GOOD GOLFING

EDITOR.

DAWSON CARROLL SPECIAL EVENT/ 3 CLUB EVENT.

Nearest the pins

4th and 9th Holes all players.

16th Hole 2nd shot all players

15th Hole Longest drive all players.

Special note: "Oct, Nov, Dec," are the months in which the best, total, stableford score, decides the winner of the HICCUP TROPHY.
