

FLAT OUT LIKE

MARCH, 1989.

WELCOME TO LIZARDS on this fine autumn morning and a special greeting to any of our Irish players capable of competing, so soon after St. Patrick's Day.

FOUNDATION/LIFE MEMBERS' DAY produced a new perennial trophy, donated by the L.M.s, and the following results:

First Lizards	Andy Warner	43 Points off 15 Handicap
Second Lizards	Bill Epps	39 Points off 14 Handicap
First Visitors	Greg Elks	28 Points off 36 Handicap
Best Scratch Score	Neil Shackle	29 Points
Longest Drive		
on 2nd	Harry Thurston	
Putting	Neil Shackle	26 Putts
Nearest the Pins	1st Dave Gilchrist	
	13th Alan Lewis	
	18th Neil Shackle	
Bradman	Wal Hill	18 Points off 36 Handicap
Raffle Prizes	Pat Purcell and Dawson Carroll	

ANDY WARNER caught the glint of a trophy without his name on it and decided to test his handicap which has been appreciating from 9 to 15 over the past unproductive 12 months. He started well and was drawing away from the field even before he pounded a 238m. drive onto the precarious 5th green - then sunk the putt. The additional 5 points put so much daylight between Andy and the mob, they needed polarised glasses just to see where he had been. Congratulations Mr. Vice, the new trophy has been well and truly christened.

BILL EPPS, the only L.M., to finish the round, was still in contention at the 9th to have an ancient handle appended to the newly acquired Life Members' Trophy - however, in the course of the longer, more arduous 2nd round, his sub-ferior golf permitted him to scramble in second.

GREG ELKS took out the visitors trophy with a conservative 28 points- on a count back from the only other visitor.

WAL HILL arrived 2 holes late, locked his keys in the car, stormed his way to the Bradman Trophy with 18 points, three putted half the greens, 4 putted the rest and lined up with the Airies for a free downer. Such excitement would have exhausted a lesser player.

NEIL SHACKLE, with a touch of class, won the best scratch score, putting and a nearest the pin.

HARRY THURSTON won the LONGEST DRIVE ! Good on you,

HARRY'S B.B.Q. sans wheels is a consummate piece of workmanship. The hot plate is thicker than the armour on the Emden; the green and brown flame proof paint job on the body work would make a Bentley owner envious. Harry considers, with a slight adjustment to the turbo part of the machine, he will be able to cook the sausages without taking them out of the esky.

THE LINDENBERG K.O., kicks off today. The Captain will advise of the rules before we step into the ring.

THE NEW ISSUE Lizard glasses saw the Lite and Super for the first time last month. Dawson Carroll scored the first of them for his nearest the pin in January.

GARRY BIRD, the Club's Mr. Fixit, arranged for the supply and embossing of the said new glasses - and was promptly fined for arranging the handles on the wrong side.

PAT PURCELL, while ruminating in the tiger grass on the starboard side of the 4th fairway, crashed into the 1.3m drainage ditch. John O'Meara and Dawson Carroll, his playing partners, were fined for not having a shovel and filling him in.

HANDICAP ADJUSTMENTS.

Andy Warner	- 2
Bill Epps	- 1
