

FLAT OUT LIKE

October, 1989

WELCOME to ALAN LEWIS DAY: Alan is the Club's resident plumber, a past President and inventor of the redundant Sophie Trophy. Whilst Capt./Handicapper, he was the first Lizard to have an I.B.M., unravel our Handicap and Scratch Eclectic statistics - thanks to his wife. Self confessed, on joining, as being a very rusty player, he was awarded an ample handicap. For the following twelve months, as the rust wore from the club heads and his handicap dissipated at a rapid rate, he managed to have his name engraved on a smorgasbord of trophies. It came to pass he had played the game at school - where he was credited with a Distinction for golf and 4F for sums. Presently rated equal 2nd or 3rd on the handicap board, he is still capable of scoring the occasional 42 pointer. We look forward to seeing him today - hope he is not called down to the snow fields to replace a washer.

WARNER DAY produced the following results:

First Lizards	Harry Warner	41 Points off 21 Handicap
Second Lizards	Tony Della	39 Points off 10 - on a count back from Alan Lewis.
First Visitors	Michael Kent	42 Points off 18 Handicap
Best Front Nine	Jack Gaudron	22 Points
Best Back Nine	Alan Lewis	21 Points
Nearest the Pins	1st Geoff Warren	
	4th Peter Grimes	
Longest shot on 7th	Alan Lewis	
Longest Drive 11th	Dave Gilchrist	
Bradman	Weapon	11 Points off 2 Handicap.

HARRY WARNER fired a faultless 41 pointer and saved the expense of parting with the Donor's Trophy.

TONY DELLA was playing well, even for Tony. He had no chance of being beaten on a count back - he carded one over par on the second nine. He blew the crucial stroke by 3 putting the sloping par 3 13th - and mumbled something in polluted Mediterranean.

Drawn in a four ball, lottery ticket, contest against the awesome Jim Small/Grizz combination, he had no trouble in defeating them single handed. His partner coasted along in his wake.

JIM SMALL started confidently and improved out of sight with a 5 pointer on the 3rd - then blew a big end. He limped into the pits at the 9th with about a dozen points.

M. Weapon Henderson made the Lizard's Hall of Fame in August, when he came in with 39 points off 4. Notwithstanding a 50% cut in his handicap, he was gracious enough to join us again last month. On this occasion he scored 11 points, was fined for having an aerie on the putting green and took out the Bradman Trophy!

Visitor Michael Kent seems to be improving his knowledge of the Course every time we see him. His tidy 42 points netted him one of the Warner Trophies.

RING IN, Shawn Gilchrist, didn't take a club out of the bag till the 10th and then alternated between 8's and 9's, till confronted with the hole he was looking forward to - the 18th - where he shot an eleven. He could tell his schoolmaster, truthfully, that he had a round of golf with the old man, on the weekend and went around in 69.

GEOFF WARREN, a front rower in the Chef Catering platoon, has been receiving more mention of late for his golfing prowess rather than his considerable culinary skills. This time up, he poached a nearest the pin on the 1st, then lined up with the incredible array of M. Weapon Henderson, Neil Shackle, Garry Bird and the more credible Nifty, to sing the Aeries song. Later, he was fined for overcooking the President's asparagus.

TREASURER Gordon, Life Member, Donald was to be booked into Manly Waters Hospice for the wealthy, last Tuesday, "to have his eyes fixed". Hope he made it to the emporium and the ophthalmological "fixing" was as success. Hope to see you Gordon, and vice versa, in the near future.

SOME FELLA called Jim, not the Lizard member, made mention of our super cool, much beloved and highly esteemed, President spitting the moist, dog-eared, corner of his security blanket last month, during a Saturday competition round at his home course, Warringah. It transpires he took a premature, self inflicted, walk to the showers from the 9th - because "he was not doing too well". So you see, fellow Lizards, the silhouette in the sky has a touch of humanity - just like some of us!

THIS EMISSION OF F.O.L., has to be the first written in Queensland; and, by the time you tee off today, I will have gravitated to Ballina, for a well earned collapse. Looking forward to seeing - I am lying - you all, at Avalon in November.

GOOD GOLFING.....

Editor.

OCTOBER 15, 1989 - PLUMBER'S DAY.

Alan Lewis
