HARRY THURSTON is seriously ill. He is in the Neringah Hospital, Wahroonga.

WELCOME to ALAN LEWIS' PLUMBERS DAY. Alan forsook his leisurely way of life to become a Lizard in September, 1976. On that fateful day, he had won the raffle, as well as the visitors trophy - with 41 points off 18 - when the Pres., Dave Ireharne, endowed him with membership; declared him to be the Club's catering officer, and advised all and sundry that, regardless of Alans age, he would never see 18 again. Alan did a good job as caterer, for a couple of terms, then switched to Capt., Handicapper till he took on the job of President in 1981. Having exhausted his Capt., Hoprs., and President's Days, he plummed up one of his own and kept it going ever since.

WARNER DAY kept the players on their toes with a 9 hole Stableford competition, followed by a 3 man team Ambrose on the second nine. The Captain distilled the following results from the player's depositions:

9 HOLE STABLEFORD.

Lizards 1st	Anthony Beale	23 Points off 20 Handicap
2nd	Dave Raynor	20 Points off 20 Handicap
Visitors 1st	John Beale	13 Points off 26 Handicap

BRADMAN Shaun Gilchrist 10 Points off 36.

ANTHONY BEALE lost a couple of shots in June, as a result of scoring 41 points. He was refunded one of the strokes last month, whereupon he proceeded to the 1st tee and, with blatant disregard for the Captain/Handicapper's future employment, amassed 23 points in nine holes. It is to be hoped our Captain Garry doesn't get too close to Anthony's cage, if he is to toss him any further snippets.

LIZARDS 2nd - THE GRIZZ - picked up a prize with 36 points off 19 in July, but by being on Beale's heels, in the wrong queue at the right time, he copped a freeby for the September, or Spring loose, saga. He too tripped over his own, or any one's in his haste to the teeing ground whereat, and prior to the 10th, he wantonly ripped off a 20 point slab!

THE 3 PERSON AMBROSIA WAS A MUCH MORE GENTLEMANLY AFFAIR. The event was won by a harmless little group of 3 comprising the President (10) the Club Captain (22) and the Club Secretary (32) - this is the prescription one would decant, carefully, into the type of cocktail instigated by Comrade V.M. Molotov. On the other hand, it may have been a random suggestion of "Oh well! We have arranged the groups amicably - so why don't we go out and annihilate the schnooks".

NEV MEREDITH, at or about the time the Ambrose was first mutated, enquired, wide eyed, of the powers what is "Will we be playing a best ball, individual stableford, individual ambrose". After a brief delay, he was fined for asking a question without notice, and advised that the whole thing would run like cockwork on the day - it did, the innovation was an instant success.

BILL SHEEHAN is back on his feet and contemplating a round of golf in the near future.

LEN LE MON, is on the improve and thinking of a trip to the driving range.

BILL EPPS, is out of hospital after a lens implant and can see things now that he couldn't even hear before the operation. He will be a starter for the game in November.
