

# FLAT OUT LIKE

NOVEMBER, 1990.

WELCOME to THURSTON/GILCHRIST DAY. Both donors are ex-Presidents. Harry became king of the castle in 1982, via the Catering Dept., and Dave was elevated from dirty rascal, in the Handicapping Section, in '88. To add zest to their terms of office, Harry was beset by yobbo weather and Dave found himself navel deep in Lizard insolvency. Harry took the offending isobars in his teeth and, with zealous climatology, made Canute look tame, and Dave, when it came to injecting a bit of black and into the amber figures, left Ralph Rag on the financial draining board:- what a clever brace of Lizards!

THE ALAN LEWIS PLUMBER'S DAY produced the following results:

PETER GRIMES' 40 points off 11, which gave him a scratch result of 29, or in everyday lingo, a round of 7 over par, would have been worth watching. It is to be hoped that Garry Bird. Capt/Hopr., was watching - or at least got to hear about the occurrence. Congratulations Peter! Nice to see the President leading the way around the course.

LINCOLN McCLATCHIE'S round of 18 under his handicap was merely a slip of "Postie's" pen. From Lincoln's point of view, watching those 3 pointers rolling in would have been a better feeling than owning a Toyota.

FINES - some of them were:

Nifty donating a larger than life legless turkey that would not fit in the Caterer's Weber;

President Peter in full view of members and visitors, fitting his shoes with the aid of a silver shoe horn;

Grizz.2                   wasting 5 mins., on the 8th while searching for the club he hurled into the scrub; and

Alan Lewis               wearing a Humphrey Bogart hat and playing like Humpty Dumpty.

LAST MONTH    President Peter Grimes received the support of fellow Lizards in his quest for his other Club's B Grade Championship; following a brief announcement by fellow Balgowlan Postie. It must have worked as he led from start to fifteenth, adjourning with a 5 and 3 Victory.

The DECEMBER MEETING will be a myriad of events. As well as the advertised Christmas Carroll Day, there will be Bring a Prize - Take a Prize, Bring a Visitor - Take a Visitor and the promise of Free Refreshments. In addition the Handicapper will hold a 13 club event preceding the appearance of Santa and his helpless.

Len le Mon has visited the golfing range and almost swung his sciatic nerve back into shape. His comeback to Lizards could be another lowlight of the Christmas meeting.

Harry Thurston is making some progress and thanks the members for their kind thoughts and well wishes.

Today is the second round of the Hic-cup Trophy; awarded for the highest combined stableford score over Oct, Nov, Dec.
