SPECIAL NOTICE

Vicki Jellis, Lessee of the Avalon Public Golf Course, recently contacted the committee of The Lizards Golf Club to express her concerns regarding people who drink alcoholic beverages on the course. Due to local media attentions and an impending lease renewal, she has been placed under pressure to rectify the situation. Given the long association between Vicki, Avalon Course and the Lizards, we should attempt to assist her with the problem. Whilst we are not the only ones who use the course, it is our only course and therefore in our interests to lessen the problem. The committee asks for your co-operation today so:

NO DRINKING ON THE COURSE

APRIL 1991

WELCOME TO SHACKLE DAY. Neil is the third and last new face on the 90/91 golfing menu. As a long term visitor he amassed more visitors trinkets than an arcade of souvenir stalls. When his visiting visa bio-degraded he went through the procedures and became a naturalised Lizard in 1988. He is currently surviving on an occasional long drive, nearest the pin, best nine, scratch score, or second place, but no annual trophies- he cracked it for his first monthly competition in July 1990. Neil's 40 Pointer off 11 recently earned him another second place and pushed him a few more rungs on the Championship ladder. Congratulations on your first donors day.

JIM SMALL'S day produced the following results;

PRESIDENT PETER GRIMES enjoyed a magic round of 44 of 10 - a Scratch Score of 34 pts! - 2 strokes over the card! Bad Luck for anyone playing him in the Lindenberg. It happened to be a previous trophy holder, Club Captain Garry Bird.ZAP!

THE LINDENBERG K.O. COMP. is gravitating to the nitty gritty - results on the day were -

Peter Grimes df. Garry Bird 4 and 3

Ray Walsham df. Bill Epps 4 and 2

Michael Kent df. Neil Shackle 2 and 1

Geoff Warren df. Jim Small IUP - On the 2nd Play-off Hole in front of the Gallery spilling from the shed.

POWER PLAYER, Ray Walsham, mentioned in the previous issue of F.O.L. as being a hot number for the Lindenberg, if he could keep it all together, had a practice round the day before the event and burst 4 of his clubs. Undaunted, he borrowed a new set of Newtons 2000's for his match, but forgot to pick up the user manual. He had a Double Bogie on the first and lacked any improvement over the next few holes. Deciding that the only club in the bag with any merit was the nine iron, he chose to use it off the tee for the remainder off the round - except for the short holes. He made short work of the 257m. 6th with a 9iron, sand wedge and two putts. The uphill 280m. 7th was knocked into shape with two irons and 2 putts, Ray was on his way and did'nt look back.

THE LINDENBERG DRAW for today is ;

Peter Grimes vs. Geoff Warren

Ray Walsham vs. Michael Kent

Good Luck to the big four!

JIM SMALL, Club Victualler and Donor for the day, presented his trophy's to the Lizard winners - a bottle of Drambuie for Peter and a tasty Port for Neil. In addition each copped a classy MALL ENGINEERING sport shirt, complete with Lizard emblem - with Jim's compliments. Well done all round.

WELCOME to ANTHONY BEALE, if he makes it. Anthony was married in St. Matthews on the 16th of March, then fluttered to Hawaii to see what it was like.

JOHN BEALE should have recovered from the normal nuptial trauma and be back on the course today.

DAVE WYNTER, after winning his first trophy as a visitor was voted in as a member by Lizards. One goose, up near the back fence during the reading, who will remain synomgous, thought he was voting for a mild winter. Congratulations Dave, the pres. and company hope you enjoy a long and happy association.

FINES, some of them were;

Ray Walsham Putting from 70m, within 1cm of the pin on two occasions, and Promising to bring heaps of ice and turning up with zilch.

Tony Bradley Using a double decker tee to win the longest drive, and

Jim Small Distributing unoffical Lizard shirts as a tax deduction.

MICHAEL KENT suggested an extra curricula activity, such as a family picnic at Clontaf. It could be cool, as long as the wives don't get to hear about it.

GREG ELKS, Lizard recently of Narrabeen and now residing around Nambour Golf Club, invites transient Lizards for a game. The other Warner clan, just returned, enthused about the layout at the recent comittee meeting.

During the said comittee meeting a richly numb Lizard JOHN COPEMAN approached the official table. In a generous state he offered the members a round of drinks, then later, two extra trophies for today. The other Lizards accepted the bounty, thanks John, just a pity you could'nt make it today.

Continuing his recent bliz, RAY WALSHAM has organised a challenge today against THE DEE WHY SOCIAL GOLF CLUB. NIFTY attended one of their day's recently and spotted some good players, amongst the rest. WELCOME! We hope you have a good day fella's.

Good Golfing
