MAY 1991

WELCOME TO PRESIDENTS DAY. Peter Grimes, our lively leader, has been on the Committee since he read his application for membership in April 1986. Jessie, his faithful companion and possibly his best friend at the time, decided to head for the scrub when he had read the first two lines. Peter gravitated to the top of the heap via the Chef/Caterer and Captain/Handicapper schute. He won his first trophy a month after joining- The Bradman with 22 points off about 28. He soon got into the swing of his new past-time and eroded his Handicap down to single figures- winning the scratch score with 34, recently, was his best bash. With his Presidential term nearing the bit when the titles flash up on the moving screen, he still has enough problems of state to keep him off the practice fairway before he ties the ribbon on a most successful year. Well played Peter!

NEIL SHACKLE DAY- incorporating the inaugural visit of the DY Hotel Golf Club- produced more results than induction day in a maternity ward, The more memorable statistics are here under -

LIZARDS 1st. and Neil Shackle
Trophy - Neil Shackle 41 pts. off 10 Hcp.

DY Hotel Golf Club Challenge

Lizards 400 df. DYHGC 360

NEIL SHACKLE, when summoned to present his desirable 21 piece Chinese Dinner Set to the best golfer on the day, lifted the

well packaged , just see over the top, trophy from it's specially Prepared viewing stand,gave an inscrutable grin, waited till the Lizard supplement was placed on the top then staggered back to his seat - with the lot! Not bad for his first attempt at being a donor.

GEOFF POOL, president of the DYHGC, had no hesitation in accepting his trophy. A timely reward for bringing 17 of his innocent members to confuse the Lizards. Bad luck about the overall result on the day- but, without letting the cat out of the canary's cage, there is an unwritten law in Lizard scriptures that precludes us from being done on the first date. After that it's open slather.

THE ARIES choir were a sea of bemused friendly faeces who eventually overcame their dilemma, with the untrained conductor, by bursting forth with a rendition of Happy Birthday.

FINES, some of them were -

Chris Reganess- bumping his head on the shed roof
Greg Mansfield- making a blunderbus of the transport arrangements
Harry Warner- scratching the nether region whilst mixing the col-slaw
Nemo- calling George Kearney a wog
George Kearney- wearing shorts more befitting the second reserve dog at Wentworth Park; and using a Jack Newton putter with two hands

THE LINDENBERG FINAL is on today. Michael Kent vs. Title Holder Peter Grimes. Good Luck fella's - and no putting after the bell.

THE AGM will be held at the Manly Amateur Fishermans Club, 207 Pittwater Road, Manly, on Tues. 9th. July, commencing at 7.30 pm. More info., at the meeting.

A CHEERIO CALL to LEN LE MON who is back at home from Manly Dist. Hospital, following an operation on his leg. At his current state of recovery, he is planning to be on the Lizard circuit again in about 6 weeks.

ASSISTANT HANDICAPPER and current club champion, Geoff Warren recently became a father. Jeremey, 7 lbs. to start, and mother are both well.

TODAY should see a challenge from the Curl Curl Touch Football Team. The score stands at two each so it should be interesting.

CLUB SECRETARY, NIFTY, relayed a good story at last Tuesdays committee meeting. Val Byrne of DYHGC and last month's Bradman, does not drink scotch, and so offered his trophy as a raffle prize during their bus trip home. Before they had reached DY, Val had won the scotch again and promptly donated it back to the club. The following week the same bottle was raffled again at the DY Pub, the winner being the Publican (and club sponsor), who also donated it back to the club. The evil bottle was raffled again the following week and the winner was - VAL BYRNE! Rumour has it the Scotch will appear opposite a Coke bottle in the upcoming movie "The Gods Must Be Crazy 111".

NEXT MONTH is John O'Meara's VICE PRESIDENTS DAY and Father & Son Day - See you there.
