

FLAT OUT LIKE

OCTOBER 1991

WELCOME to the inaugural LIZARDS TRADE DAY - sponsored by Alan Lewis and Peter Grimes. Both ex-presidents, they may be planning some form of reparation for the members by combining their occupational skills to make a men's. We look forward to their efforts. It might be an idea if all the skilled Tradesmen joined them next year to make it a gala day. Hardware and General could get to hear of it and throw in a couple of door hinges or 500 gm. of nails.

WARNER DAY produced the following results:

1st. LIZARDS	Dave Raynor	46 Points off 23 Handicap
2nd. LIZARDS	Garry Bird	44 Points off 24 Handicap
1st. VISITORS	Chris Reginass	38 Points off 24 Handicap
2nd. VISITORS	Alan Fender	35 Points off 23 Handicap
Nearest the Pins	1st. Neil Shackle	
	4th. Peter Grimes	
	9th. Alan Fender	
Longest Drive	7th. Bill Epps	
Attendance:	22	

THE CARTON OF BEER- an overthought caused by Harry and Andy overlooking their duty as donors on the day - was enough to spur Dave Raynor out of the doldrums and earn his first trip to the pay window for 13 months.

PRESIDENT Garry Bird had the game sewn up, with his inspired 44 pointer, till the smiling clean shaven Grizz fell out of his tree. Hard Cheese boss.

CHRIS REGINASS, playing his last round as a visitor, grabbed a brass ring before being relegated to the ranks. He will probably stack this trophy beside the others he won in April, May and June - not bad for a growing youth.

THREE applicants for membership were summoned from the bemused audience. 'A whole bunch of the blighters' mumbled one of the more arthritic members. 'Never happened in my millennium'.

AND there they were, Chris Reginass, Graham Byrce and Dan Whitehead, in living breathing colour. Graham Byrce opened the proceedings by reading from a herald size slice of butchers paper, incorporating the joint efforts of the aspirants, The membership staggered to it's feet and after minor collisions, headed for the solstice of the surrounding scrub.

The last couple of stanzas on the blood stained broadsheet were loud and clear;

So your turning in disgust
Don't want to hear our prose,

But we know like utter plonkers
You'll return and sit in rows.
Come and get some culture
Return and sit down here,
If you won't or if you don't
We'll shoot through with the beer.

These last few lines captured the attention of the inattentive, whereupon, as one, the aspirants dropped their dacks, projected their nether regions to the most attentive audience, and there, on the pristine starched and ironed undermentionables, in 8cm. professional block lettering, were the words LIZARDS-LIZARDS-LIZARDS.

The precision movement and message imparted jolted the scrub dwellers back to life; they came tripping out of the undergrowth with audible 'Halleluliah's', 'What bright young fella's' and other dumb expressions.

During the migration the President had invested Chris, Graham and Dan with their Lizard hardware and, by the time the multitude returned to the stalls, the scene was reminiscent of an Old Boys Reunion. Congratulations to all! May your membership with the Lizards be enjoyable and fruitful.

JENNY SHEEHAN, Bill's younger daughter, emerged from the surf on the Gold Coast last Sunday to be crowned Australian Longboard Champion. Her brother Martin, a couple of decades ago, took out an Australian Title on a board in Tasmania. It seems to run in the family - even Bill's wife, Pat, spends a fair part of her time each week on an ironing board. Good on you and yours, Will.

DAWSON CARROL, our overseas member and donor of the annual D.C. Trophy, is hoping to arrive in Australia 'a mite earlier this year - possibly October'. The cooler it becomes in Ireland the more he will be reminded of his prediction, made last January before he departed these sunny shores.

NEXT MONTH is Thurston Gilchrist/Day.
