MAY 1993

WELCOME TO PRESIDENT JIM SMALL's DAY. Jim, our lively leader, has just one more Committee meeting and the AGM to arrange, prior to pulling the shutters down on another successful year of Lizard fellowship. A dedicated golfer and Lizard, the mere fact of residing at Ourimbah has had no effect on his attendance at the Tuesday night Committee meetings, or his regular mid-week raids on Avalon course- before starting work in Mona Vale at 0730. To demonstrate his no-holes barred attitude to the game, he disregarded the tipsters' choice and WON his Quarter-Final Lindenberg match last month- by eliminating the Captain/Handicapper! Carry on with the good admin., boss- and enjoy your semi-final encounter.

NEIL SHACKLE DAY produced the following results;

Lizards 1st Harry McGuinness 46 Points off 30 Hcp.

Lizards 2nd Michael Morgan 42 Points off 31 Hcp.

Visitors 1st Trevor Eastbrook 47 Points off 24 Hcp.

Visitors 2nd David Robertson 47 Points off 24 Hcp.

Scratch Score Ken Bond 29 Points

Best Front Nine Wal Hill 22 Points off 36 Hcp.

Best Back Nine Chris Mooney 22 Points off 22 Hcp.

Nearest the Pins Michael Harrison 4th.

Harry McGuinness 8th.

Bradman Ray Ritenis 15 Points off 32 Hcp.

HARRY MCGUINNESS, disguised as a North Sydney footballer from the knees down, coasted in for an easy win with an average of 2.5 per hole- the most prolific pile of points, by a member, since Nev Meredith amassed 48 off 36 in Feb., 1992. His nearest the pin, on the elevated 80m 8th, was played with a 5 wood! This overall burst of brilliance caused Harry's handicap to be eclipsed by 3 shots.

MICHAEL MORGAN has been eroding his handicap since joining and, as a result of firing a round of 6 under, in quest of the Shackle trophy, has dropped another 2 shots.

WAL HILL, having installed a new set of spikes in his golf shoes, announced that his game would improve out of sight. It did- Wal's well worn 36 handicap is now a thing of the past.

VISITORS, Trevor Easterbrook and David Robertson, scratched the bloom off the lens of the photo finish camera with their joint effort of 94 points.

THE LINDENBERG SEMI-FINALS results were;

Jim Small df. Anthony Beale 2up
Grizz df. Andy Warner 3 and 2
Tony Della df. Dave Donworth 5 and 3
Garry Bird df. Bill Epps by default

THE LINDENBERG SEMI-FINAL draw for today:

Jim Small Vs. The Grizz
Garry Bird Vs. Tony Della

Of the 4 finalist, Jim Small(1988) and Garry Bird(1989) are previous Lindenberg Champions - however, the players are so matched that a touch of good fortune and the lack of errors should prove to be the winning factors, Good luck fellers - we will all be tuned to the 2 o'clock news.

A SAD ANNOUNCEMENT after the game last month advised of the pending change of address by our tireless and imaginative Secretary, Nev Meredith. Nev, who has moved to Port Macquarie, resigned his portfolio, but not his Lizard membership, at the close of the Committee meeting last Tuesday night. Nev and Barbara were seen in Manly Fishing and Sporting Club, the following evening, bidding farewell to some of his work mates, friends and club acquaintances, before flying north

NIFTY'S migration will have an immediate effect on the administration, catering, the "in-house" organisation of the AGM venue and Lizard's Christmas Party. There will be a vacancy in the airies, on the fine tin and loss of some colour in the shed. He will be sorely missed.

GARRY BIRD was first to man the pumps, by taking over the secretarial paperwork till the AGM. The remainder will be convolution by evolution.

NEXT MONTH is VICE-PRESIDENTS' DAY, FATHER AND SON DAY and the FINAL of the LINDENBERG COMPETITION.
