AUGUST 1993

WELCOME to LE MON/DELLA DAY. Instigated in 1987 by Len and Tony who were, in those days, two of the four Lizards playing off single figures - the others were Ken Bond and Alan Lewis. Garry Bird won the first event with 40 Points off 25. The donors tied for the best scratch score with 27 points a piece - Len had 26 putts and Tony 27! Len still enjoys 18 holes, on courses where cards are available and the weather is friendly. Tony, a finalist in the recent Lindenberg, will be presenting their trophies today.

THE YEAR OF THE LIZARD invasion is underway, with sauropods permeating the Jurassic screens of the movie houses and on our T.V. sets. However, we have had infamous theropods plodding around our own Thoracic Park, right here at Avalon, for decades. We have at least two MOUTH-A-SAURUS-WRECKS; are well catered for by the DINER-SAURIANS; are blessed, fortunately, with the only TRI-DICKA-SAURUS and confronted by the DOBBER-SAW-US at every turn. Who needs a Hollywood version.

EPPS/MEREDITH DAY, with 28 Lizards and 4 Visitors, produced the following results;

LIZARDS 1st	Graham Bryce	43 Points off 15 Hcp.
LIZARDS 2nd	Dan Whitehead	40 Points off 27 Hcp.
VISITORS 1nd	Sam Furlani	30 Points off 15 Hcp.
VISITORS 2nd	Ray Ritonis	27 Points off 36 Hcp.
BEST SCRATCH	Michael Harrison	30 Points on a countback from Ken Bond
BEST FRONT 9	John O'Meara	21 Points
BEST BACK 9	Max Peet	21 Points
LONGEST DRIVE	Andy Warner	6th Hole
NEAREST THE PINS	Andy Warner	1st Hole
	Ken Bond	4th Hole
	Bill Epps LM	9th Hole

BRADMAN Dave Gilchrist 25 Points off 16 Hcp.

GRAHAM BRYCE hit the top of the monthly prize winners list for the first time since winning the visitors trophy, with 36 Points off the same handicap, in Aug. 1991! A long time between drinks - the bottle of White Heather would have hit the spot.

DAN WHITEHEAD, who took out his Lizard citizenship on the same day as Graham, in Sep. 91, collected his first trophy, either as a visitor or member. Congratulations Dan!

SAM FURLANI cracked it for another visitors prize - his last success was in the mid 80's. Sam's winning score was the lowest for about 5 years. He could be in the market to have won and get a stroke back.

AIRIES included Dan Whitehead, Michael Morgan, Wal Hill, Martin McGuinness, Pat Purcell and Mark McMillan. A space was left in the group for Nifty.

FINES, some of them were

Dan Whiteheadhousing his annual trophy -- the BRADMAN
under his bed;
Wal Hillmaking the green with a tee shot, for the
first time ever in his life, and missing
the birdie putt.
Jim Small, The Grizz,
Patrick Purcell,
Garry Bird.....credit fine for being the only foursome
dressed correctly in Lizard shirts.
Graham Brycecredit fine for wearing Lizard underpants
Martin McGuinness ..using a pink golf ball
..striking Peter Grimes with said ball, and
slogging Andy Warner with same said ball.

MARK MACMILLAN, an East coast of Aust; game fisherman of
note, was invited to compete in the Hawaiian International Bill
Fish Tournament, and is currently trolling his lure in tropical
waters around the island of Hawaii - close to the spot where
Captain James Cook was eaten, circa 1778. The Captain was not dev-
oured by the maurading marlin, but by the overexhuberant natives.
We will hear more of Mark's exploits when he returns next month.

PLANS are formulating, slowly, which may arrange a game of
golf, for a band of Lizards, at the Emerald Green Golf Club, Port
Macquarie - slap dab in the middle of Nev Meredith territory -
with a view to undermining Nifty's new healthy lifestyle. The
subject will be given a mention at todays meeting.

NEXT MONTH is Harry and Andy Warner's Day.

Good Golfing.....
