DECEMBER 1993

WELCOME to CHRISTMAS CARROLL DAY - and a special welcome to Dawson Carroll, our lone overseas member, who makes a pilgrimage from the depth of the Irish winter to sunny Avalon, at this time each year, to compete with his fellow Lizards for his own trophy. The nearest Dawson has been to having his name carved on the winners' plaque was in 1991 when he, in company with 4 other contestants, finished one shot off the pace.

TODAYS EVENT will be an individual stableford competition. The Captain/Handicapper has included a 4 B.B.B. competition, to spread the wealth. Good luck to all on the day.

THURSTON/GILCHRIST DAY produced the following results.

LIZARDS 1st. Michael Morgan 45 Points off 28 Hcp.

LIZARDS 2nd. Dave Gilchrist 44 Points off 17 Hcp.

MICHAEL MORGAN, current holder of the Dawson Carroll Trophy has had an unfortunate round of 9 under his handicap, a month too soon, in his quest to retain the prestigious cup.

DONOR DAVID'S damaging determination to retain his own trophy may be written off as an unprecedented rush of blood. Congratulations Dave - all you have to do is remember how you did it!

VISITORS Trevor Easterbrook and Paul Montgomery joined in the party and scaled a ride on the big numbers bandwagon. Well played fellers - come again.

STARS of the day were Ken Bond and Michael Harrison. Both had rounds of 2 over the card - the lowest duo of scores on ANY Lizards day. They were thrown a golf ball each and told to get back in their box.

MICHAEL HARRISON made a bird of the nearest the pin, on the hardest hole on the course, by parking his ball in the cup.

WAL HILL, the Lizard who made the request, 12 months ago, that his handicap be reduced to 36 - "to make him play better" - scored his inaugural nearest the pin and became the proud recipient of a brand new Lizards glass.

THE LONG DRIVE competition, played from the recently commissioned 2nd tee, was won, appropriately, by President Anthony Beale. The siting of the new tee extends the hole by 67 metres and has caused a re-vamp of the Stroke Index for every hole on the course.

BILL SHEEHAN, having been given a downer for his 69th. birthday, sparked off into an unsolicited speech concerning his supposed lack of lizard trophies over the years, and how he would relish a lizard glass. Wal Hill, without hesitation, presented Bill with the glass he had just one.

NEXT MONTH is Captain Handicapper's Day.

Good Golfing.....
