NOVEMBER 1994

WELCOME to THURSTON/GILCHRIST DAY Mkvi. Harry and Dave are two ex-Presidents- Harry in 1982 and David, 1988.

HARRY's untiring devotion to Lizard duty keeps his memory fresh in our minds. He died in Dec., 1990, and still keeps a weather eye on us each 3rd Sunday.

DAVE enjoys laying into his tee shots, and keeping incumbent Presidents on their toes during meetings. Last month he cut a dashing figure in his bermuda-plus length, multi-purpose Scouting shorts. In 1989, he, in cohorts with Len le Mon, donated the Hic Cup - a 39cm silver trophy - to the Club. It is currently held by Anthony Beale. Good on you Dave and hats off to Harry.

LEWIS/GRIMES trade day, with 25 Lizards and one Visitor, produced the following results.

LIZARDS 1st	John O'Meara	41 Points off 22 Handicap

BRADMAN Garry Bird 12 Points off 24 Handicap

RAFFLE Chris Reganess and Ray Ritenis

PETER GRIMES welcomed the visitors and Pat Mulkerrins responded on his own behalf.

JOHN O'MEARA signed his first monthly winners' card since September 92. Congratulations John.

MICHAEL MORGAN, current Handicap Eclectic Champ., and runner up in the Hic Cup, has shown his consistency with a win and four seconds since November, 93.

PAT MULKERRINS kept his handicap intact in his walk-over for the Visitors Trophy.

DAVE GILCHRIST demonstrated his length and accuracy off the tee by winning a binocular of glasses in the long drive and nearest the pin competitions.

BRADMAN, Garry Bird, second placegetter the previous month, arrived in less than mint condition and remained de-minted till the 18 holes was played.

THE SEPTEMBER GOLF DAY, with a record low attendance of 14 Lizards and 1 Visitor, gave rise to

THE TREASURER being fined for running a Lizards Day at a loss;

A PRIME PIECE of uncooked, overcatered, beef going missing;

BILL SHEEHAN spending a month looking for a dead cat under his house- and eventually detecting the eye-watering stench to be the prime beef, which had

blossomed into a mega mayonnaise of maurading maggots, manifesting their
mavolence in the sealed confines of the Lizards drinks esky;

POSTIE had interned the chunk of beef in the said ice box for safe keeping!

THE PORT MACQUARIE pilgrimage of 16 Lizards and 2 Visitors was underweigh
in the early hours of Saturday 5th November when 7 cars, in a shotgun start,
headed North, from various regions of the metropolis, on the 400 Km trek.

NIFTY was at the Port Macquarie Hotel/Motel to greet the early arrivals
and accompanied them to the Emerald Downs where 18 holes, totalling 5584 metres
of bunkers and water carries awaited their pleasure.

SAD NOTE was the absence of motorized carts, which had been whisked off to
Bowral for some Galah event.. Fortunately for the oldest playing pilgrim,
Neville commandeered the remaining Marshalls Cart and drove the thankful Editor
around the Course.

THE SECOND (and 11th) HOLE, a 150 metre water carry, claimed an estimated 3
dozen Lizard Golf Balls- other lakes and small dams swallowed a few more.

UNFORTUNATELY, for Lizard togetherness, as the groups finished the round,
the drivers and passengers took the logical choice by returning to the motel to
cloak the cars, prior to enjoying a cleansing ale.

BY THE END of the day scuttlebutt had it that Michael Harrison, with a 3
over the card round of 38 Points, could well have been the winner and Bill Epps
with 36 Points a possible second. The official results will be announced at
todays meeting.

THE R.S.L. and Bowling Club, coupled with the viewing of the League Test
from 2 till 3am did nothing for the golfing prowess of the touring party. When
it came time for the Sunday hit-off at 1.30 pm only 5 turned up at the Course-
Vice Pres, Garry Bird, Caterers Andy Warner and Michael Harrison, Editor Bill
Epps and of course, Neville himself.

NINE HOLES in the wind was sufficient for the illegal fivesome. Bill Epps
pulled 5 pars and a couple of one overs out of the hat for 19 points, which put
him well ahead of the weary field. Nifty, not playing to his usual standard had
9 points, and there is doubt he was the group Bradman.

MONDAY MORNING brought the sound of closing boots, last minute farewells
and the clicking of seat belts, as the cars wound out of the parking lot for a
leisurely drive home - to a well earned rest.

IN ALL a good time was had by all.

LIFE MEMBER BILL SHEEHAN will be 70 years of age any minute. Today he will
bring the Lizard gear to Avalon, set up the Shed, see us off at the 1st Tee,
then drive to the Central Coast, where the Sheehan clan have organised a septua-
genarian celebration, complete with overnight accomodation, in his honour. Con-
gratulations Bill. THE LIZARDS wish to join in with your in-laws and out-laws in
wishing you A VERY HAPPY BIRTHDAY!
